[1] For Enterprise, except Landfill funds, and Internal Service Funds the Fund Balance includes non-cash investments in fixed assets and advances or Due to Other funds. It also includes a reduction for Deferred noncurrent liabilities or assets. Please see the Sources and Uses schedule for each fund for the detail to Net position and the available working capital and reserves in each fund.

[1.1] For Landfill funds the Fund Balance includes only Working Capital. There is a \$14.7 million deferred Liability required to be booked by the State of California for the closure of the landfill. This amount is for the total landfill closure and projected 30 year post closure liability. If included in the Fund Balance, it would significantly distort the available working capital amounts for future closure of the Landfill. Under the 30 year closure plan, sufficient funding resources are projected from surcharge fees and short term cash flow financing to provide for the closure and post closure costs.

[2] CDBG, HOME and other related community development and housing grants and loans - Community Development Block Grant Fund 600, CDBG Fund 602, HOME 11-7654 Fund 605, CDBG 10EDEF-7261 Fund 606, CDBG 13-8940 Fund 609

[3] Streets related grants and other revenues sources - Capital Improvements Fund 506, STOP Augmentation Fund 507, SB325 Reimbursement Fund 508 and State STP Fund 509

[4] Gas Tax revenues are segregated into separate funds - 2106 Fund 500, 2107 Fund 501, 2107.5 Fund 502, 2105 Fund 503 and Congestion Relief (2103 Gas Tax) Fund 510

[5] Asset Seizure and Forfeiture related Funds - Asset Seizure Fund 630, Asset Seizure (Drugs & Alcohol) Fund 631, Federal Asset Seizure Fund 634 and Asset Forfeiture 11470.2 Fund 638

CITY COUNCIL BUDGET Fiscal Year 2016-17

10010000 **City Council**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The City Council serves as the elected legislative and policy-making body of the City of Ukiah, enacting all laws and directing any actions necessary to provide for the general welfare of the community through appropriate programs, services, and activities. The City Council reviews and adopts the operating budget, holds public hearings, and receives feedback from the public. The City Council authorizes contracts, purchases, and sales of City property, approves agreements with other governmental agencies, and appoints members to City commissions, boards, and committees. In addition, the City Council serves as the Successor Agency to the former Ukiah Redevelopment Agency.

Four Strategic Planning Areas:

- Develop a prioritized plan for maintaining and improving public infrastructure.
- Planning Valley-Wide takes place based on sound planning principles.
- Facilitate the development of a sound local economy that attracts investment, promotes economic diversity, supports businesses, creates employment opportunities, and generates public revenues.
- Council and staff work together to create a more responsive and effective workplace environment.

CITY CLERK BUDGET Fiscal Year 2016-17

10011100 **City Clerk**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Office of the City Clerk is a service area within the municipal government upon which the City Council, all City departments and the general public rely on for information regarding the operations and legislative history of the City. The impartial office respectfully serves as the liaison between citizens and the municipal government and keeps them informed of the actions of the City government.

The City Clerk is an appointed official who serves as Clerk to the City Council, Successor Agency to the Redevelopment Agency (RDA), Oversight Board to the Successor Agency to the RDA, and also serves as administrative support for the City Manager's office. The City Clerk's Office conducts municipal elections, both scheduled and special, and is also charged with maintaining all official records; keeping complete and accurate records of City Council, Successor Agency, Oversight Board and other related proceedings; maintaining the Municipal Code; filing Campaign Statements and Statements of Economic Interests, as required by the Fair Political Practices Commission (FPPC) and municipal law; publishing all ordinances adopted by the City Council; advertising notices of hearings, bid openings, Board and Commission vacancies, and other legal notices; receiving claims and court documents; processing Public Record Act requests; administering the Records Management Program; and maintaining a comprehensive historical collection of documents.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Hired and began process of training a deputy city clerk.
- Provided administrative support for the transition to a new city manager.
- Completed scanning and entering of current and past contracts into new electronic filing system, and began entering annexations, grants, and real property categories.
- Facilitated upgrade of Granicus encoder and web page.
- Revised the Records Retention Guidelines. (In progress).
- Continued writing desk manual and other procedures to cross-train staff.
- Completed annual records destruction.
- Processed large number of files into records retention.
- Processed Public Record Act requests, and prepared other documents for legal proceedings.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Complete entering all record categories of documents located in the vault into electronic filing systems, to make them more accessible for both staff and public.
- Process old files with expired retention dates for review and possible destruction.
- Improve online public accessibility for records and documents through the expansion of City Clerk web pages.
- Develop plan for central file system for records held within individual departments.
- Clear out and organize administrative records in the rolling file system.
- Continue writing sections for detailed desk manual.
- Facilitate possible November election.
- Continue to develop and instigate systems to facilitate efficiency and organization in the City Clerk department.

SIGNIFICANT CHANGES:

- Hired a Deputy Clerk.

HUMAN RESOURCES/RISK MANAGEMENT BUDGET

Fiscal Year 2016-17

10016100 Human Resources/Risk Management

DEPARTMENT PURPOSE:

The Human Resources and Risk Management Department consists of two full-time employees and one part-time employee responsible for providing professional support services to all General Fund Departments and Enterprise operations for the recruitment, retention and development of a viable, skilled workforce. In addition, we provide customer service, support and training to 175 allocated full-time employees (FTEs) and approximately 25 allocated part-time employees through administration of the City's labor relations and employee benefit programs. The Department also identifies potential areas of risk to the City and audits current practices to ensure the elimination or reduction of those risks; to ensure proper levels of insurance are acquired for contracts and/or lease of facilities on behalf of the City, and perform claims investigations to identify causes and develop preventive solutions to eliminate recurrence of risk.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Successful negotiation of 7 new, three-year labor contracts.
- Successful conversion from Anthem Blue Cross to REMIF Self-Funded Anthem Blue Cross plan for all employees, elected officials, and retirees, saving approximately 8% in premiums in first year.
- Ongoing enhancements and maintenance of HR/Payroll MUNIS module.
- Ongoing update of City of Ukiah Employee Manual in progress for compliance with current laws, including legal review and proposed edits received from labor law firm on existing policies. Draft Social Media policy written and ready for review process.
- Implementation of the "Exceptional Employee Program"

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Completion of a comprehensive revision/update of City of Ukiah Employee Manual for compliance with current laws.
Analysis and implementation of electronic timekeeping via the MUNIS HR/Payroll module.
- Update of employee ID cards.
- Analysis and implementation of online employment application software.

SIGNIFICANT CHANGES:

- None

HUMAN RESOURCES/RISK MANAGEMENT EXPENSES

BUSINESS, ECONOMIC, GRANT AND HOUSING SERVICES BUDGET Fiscal Year 2016-17

10017100 Business, Economic, Grant and Housing Services

DEPARTMENT PURPOSE:

The Economic Development team has continued to significantly improve the level of support for business activity, resulting in the creation and retention of businesses and jobs. By leveraging multiple cross-department disciplines on an as-needed basis, the team maximizes staff expertise while efficiently addressing business, economic, grant and housing services. Personnel costs attributed to the Ukiah Successor Agency are reimbursed through the Redevelopment Agency dissolution process.

MAJOR ACCOMPLISHMENTS OF FY 2015-16:

- Continued to administer the Business Liaison Program, which facilitates development and provides a single point of contact for those embarking on commercial endeavors.
- Attended real estate caravans with realtors to stimulate economic development and educate the group regarding Ukiah-area projects and resources.
- Created new resource documents to facilitate business recruitment and retention.
- Facilitated pre-development meetings for commercial real estate investors and new business projects, significantly reducing the likelihood of unanticipated development challenges for the clients.
- Continued to assist with the development of important community infrastructure, including the build-out of the Redwood Business Park, the Rail Trail, the Downtown Streetscape Project, and more.
- Facilitated the development of the new Ukiah courthouse and its site.
- Developed the Single-Family Rehab Program, which provides low-interest loans for the replacement of mobile and manufactured homes.
- Worked with other City Departments and agencies to secure the development of an affordable senior housing complex on Cleveland Lane.
- Worked with Tesla Motors to develop a supercharger site in the downtown.
- Worked to make Property Assessed Clean Energy Programs available within the City of Ukiah.
- Developed a development fee deferral program.
- Solicited a downtown hotel feasibility study to facilitate private investment in and help revitalize the downtown.
- Collaborated with local organizations and the public to develop a public art policy.
- Facilitated the establishment of the emergency winter homeless shelter, as well as the development of permanent housing for the homeless.
- Solicited an RFP for the development of two City-owned parcels and Main and Norton Streets for market-rate housing.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue to facilitate the development of the Costco, courthouse, PEP Senior Housing, and

Downtown Streetscape Projects .

- Continue to facilitate the development of housing, both affordable and market-rate, in the City of Ukiah.
- Develop and implement an improved parking plan for the downtown area by evaluating the recommendations of the existing parking study to determine relevancy with the changed downtown business climate.
- Continue to seek grant funding to facilitate economic development in the Ukiah area.
- Continue outreach to and collaboration with the real estate and business communities, as well as other Ukiah-area organizations and agencies.
- Continue to facilitate private investment in the areas of housing and commercial, and industrial development.
- Continue to develop business and economic resources and make available on the City Website.
- Facilitate the discussion with stakeholders related to the possible reuse of the existing Courthouse site.
- Engage with property owners in the downtown when persistent vacancies exist.

SIGNIFICANT CHANGES:

- None.

PARKS BUDGET

Fiscal Year 2016-17

10022100 **Parks**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The City of Ukiah Parks Department consists of 16 parks, Ukiah Municipal Swimming Pools, 5 sporting areas, 5 tennis courts, and also provides maintenance for 9 parking lots, the city sub stations, Successor Agency properties, former Redevelopment housing properties, the Civic Center, Ukiah Railroad Depot property, Ukiah trails system, and School Street planters. The department also provides staffing support for Sundays in the Park, Family Fun in the Sun, Ukiah Country PumpkinFest, and other community events.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Maintained all properties with limited resources.
- Fulfilled grant for replacement of the walkways and barbeque/picnic areas at Oak Manor Park.
- Replaced areas of lawn with mulch allowing reduced water use, improved tree health and recycling of yard debris.
- Maintained/adjusted sprinkler systems at various locations for improved water efficiency.
- Repaired a portion of the rock wall at Todd Grove Park.
- Completed small capital improvements to the Ukiah Sports Complex facility as accomplished each year by making the amenities more appealing to its guests.
- Combined all City of Ukiah maintained trees responsibilities into one department to ease communication, safety, and consistency.
- Added maintenance responsibilities for the Rail Trail thru the City of Ukiah.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue to remove turf irrigation from around trees and mulch with recycled tree grindings.
- Continue replanting of trees and plants in all parks as necessary.
- Repave the walkways and basketball court at Vinewood Park.
- Continue to repair the rock wall around Todd Grove Park.
- Continue to pursue options to replace failing irrigation system in the Todd Grove Recreation Area.
- Continue to provide staffing support to other departments and agencies in our community.
- Review and update the Integrated Pest Management Policy.

SIGNIFICANT CHANGES:

- Continued increases in utility costs represent the increases in water/sewer fees coupled with dry weather patterns that demand a longer watering season and aging irrigation equipment.
- Added maintenance of mulched areas around trees.
- Lack of rainfall over the winter may cause extra water use to keep plants alive.
- Failure of Anton Stadium irrigation system results in the need for replacement.
- C.A.R.B. restrictions and repair costs constitute the replacement of the Toro 4000D Turf

Mower, Vermeer wood chipper, and tree trimming bucket truck currently being used in the Parks Department.

- Aging equipment results in use of vehicles scheduled for auction and possible need for rentals.
- Added maintenance of all city trees, results in need for additional employees and vehicle maintenance.

10022840	Day Camp
10022850	Classes & Clinics
10022860	Special Activities

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Recreation Division facilitates a wide array of youth and adult recreational programs including classes, sports leagues, camps, clinics, and tournaments. These offerings attract participants from all over the tri-county area and beyond. Additionally, staff is responsible for operating the Summer Safari Day Camp Program; a premier program which has been in existence for more than 30 years serving hundreds of local families. This Division is also responsible for the staffing, programming, and management of the Ukiah Municipal Swimming Pools. Every summer the Municipal Pools host public swim, swim lessons, and aquatic fitness classes. The Recreation Division acts as the lead in executing City-sponsored events such as PumpkinFest, Sunday's in the Park, Family Fun in the Sun, Moonlight Movie Madness, and the All-American Picnic in the Park. Three times per year the Recreation Division proudly produces the City of Ukiah Recreation Guide which is directly mailed to 18,500 homes and local businesses and is available in its entirety on the City's website. Each Guide offers approximately 50 contractor classes, provides affordable advertising opportunities for local businesses, and has become the community's "go to" publication for activities in the Greater Ukiah Area.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Maintained Recreation Department Social Media Plan which meets the guidelines of the City's Human Resources and Information Technology Departments and regularly updated the Recreation pages on City of Ukiah website.
- Worked to implement recreation software for program management and online registration with a goal to implement the program with the most affordable, efficient, and effective fit.
- Continued to work under the auspice of the Park, Recreation & Golf Commission on the reincorporation of a Recreation Department Mission Statement.
- The Tours of Earth and Sky lecture series and viewing nights continued, attracting over 250 people. The National Oceanic and Atmospheric Administration (NOAA) extended, from one year to another two years, the original observatory telescope loan. In partnership with UUSD, school field trips have increased significantly. During a trip funded by the Bradford Foundation and private donors, staff visited the Gaithersburg Latitude Observatory

and met with NOAA's Director of the National Geodetic Survey to explore partnerships.

- Continued to implement programming at the Alex Rorabaugh Recreation Center while partnering with ARRC Board to serve at-risk youth with no cost to the participants.
- Achieved record-breaking enrollment in multiple areas of recreation including youth basketball, swim lessons and day camp.
- Launched the 25th Annual Sundays in the Park Concert series by hosting a Retrospective Review open to the public with a slideshow presentation, guest speakers, and performances, and introducing a new alternative funding source.
- Increased awareness throughout the community about the Recreation offerings by making presentations to service clubs, organizations, and agencies throughout the Greater Ukiah Area.
- Increased the number of Special Events offered to include a wide variety of interests while serving a broader base of community members including the Flynn Creek Circus.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Expand partnerships with Mendocino College and UUSD. Establish a donor program with Friends of the Observatory and North Coast Opportunities to expand programming at Observatory Park. Use pending grant awards from the NOAA Preserve America Program and the Judy Pruden Historical Preservation Fund to further develop interpretive program and build an instrument storage facility.
- Increase professional development of recreation staff through training organizations such as California Parks & Recreation Society, American Red Cross, National Parks & Recreation Association, ensuring that staff is delivering quality programming.
- Evaluate the aquatic facility to maximize space and plan for future renovations.

SIGNIFICANT CHANGES:

- Continued reduction in the availability of non-owned and City owned facilities to host recreation activities resulting in an increase in rental expense.

PLANNING & COMMUNITY DEVELOPMENT BUDGET

Fiscal Year 2016-17

10023100 Planning and Community Development

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

Long Range Planning: The primary focus of Long Range Planning is to implement the Ukiah Valley General Plan which consists of seven State mandated elements, including a State-certified Housing Element and seven optional elements. Long Range Planning staff also develop, implement, and/or assist in the creation of special programs and projects related to long range community development such as the Airport Industrial Park Planned development, creek master plans and maintenance of the Zoning Ordinance to reflect current State law and modern planning principles

Current Planning: Current planning staff assists property owners, developers, and the public in matters related to the use and development of private property. This includes: providing information on the regulations and guidelines that apply to property and projects; review and processing of building permits; providing assistance on project design and development; processing land use entitlements for private and public development proposals; and performing environmental review associated with development proposals. Current planning staff also provides professional planning support to the Planning Commission, City Council, Design Review Board, Zoning Administrator, City Engineer, Paths, Open Space, and Creeks Commission, Demolition Permit Review Committee, and Building Appeals Board.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- **Current Planning:** Processed 25 current planning applications including: the PEP Housing 42 unit senior affordable project, the Gullion 26 unit multi-family project and Ford Street Use Permit.
- **Long Range Planning:** Completed Homeless Shelter Overlay zone, Housing Element, initiated Wagonseller Park Location Identification Study.
- **Economic Development:** Completed Fee Deferral program for development projects
Completed Talmage Road / Highway 101 Interchange Improvements Environmental Impact Report.
Initiated zoning ordinance amendments including: fence heights, creek setbacks, food truck regulations, tree shading in parking lots, and permit streamlining. Initiated General Plan update process.
Sphere of Influence Amendment- implemented City Council's decision to withdraw application from Local Area Formation Commission (LAFCO).
Completed the review and update of the Planning and Building permit fees.
Assisted with the development and adoption of a marijuana dispensary ordinance.
Made progress on the Ukiah Valley Sanitation District detachment project.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Make substantial progress on the General Plan update project.
- Continue to process current planning applications in a timely manner.
- Complete zoning ordinance amendments designed to make the development process easier, including permit streamlining, creek setbacks, and tree shading.
- Complete site identification study for the Wagonseller Neighborhood Park.

- Continue to implement Munis permitting module
- Make substantial progress on the UVSD detachment project.
- Make progress on the Water Rights Permit Amendment Environmental Impact Report.
- Complete the update to the official zoning map to reflect recent rezoned properties.
- Continue professional support to the City Council, Planning Commission, Design Review Board, and Paths Open Space and Creeks Commission.

SIGNIFICANT CHANGES:

- None.

BUILDING INSPECTION BUDGET Fiscal Year 2016-17

10023320 Building Inspection

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Building Department is a branch of the Community Development Department and is responsible for maintaining through plan review and building inspection the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, access to persons with disabilities, sanitation, adequate lighting and ventilation and energy conservation; safety to life and property from fire and other hazards attributed to the built environment and to provide safety to fire fighters and emergency responders during emergency operations. The department is staffed by the Building Official and Development Permit Coordinator. Customer service to the community is a driving force for the department.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued success with the one-afternoon per week Rapid Review plan checking and permit issuance program (31 permits issued between July, 2015 and February, 2016: average time: 1-hour per permit).
- Continued monitoring of building permit first review timeframes – average 90% reviewed on time.
- Continued to lead the Planning and Building team with the implementation of the Munis Software permitting module.
- Continued to perform lead role with the Palace Hotel building code violation enforcement.
- Reviewed and issued 422 building permits between July, 2015 and February, 2016.
- Conducted 906 building inspections between July, 2015 and February, 2016.
- Increased staff capacity to review and issue building permits over-the-counter.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Expand the Rapid Review program as demand increases.
- Increase on-time first reviews for building permits beyond 90%.
- Implement on-line Customer Self Service building permit application/issuance and building inspection scheduling.
- Palace Hotel building code violation enforcement: Continued support to City Council.
- Become proficient with implementation of the Munis permitting module and assist other staff as appropriate.
- Install front-counter computer for building permit applications, building inspection scheduling, Building Division information, etc.
- Continue Building Code violation enforcement efforts.
- Continue cross-training (building/planning) efforts.
- Reach out to contractors and community notifying them of California Code changes this year. Provide information highlighting the various changes.
- Provide local training on new codes to the community and advertise classes at the North Coast Builders Exchange and classes hosted by the local ICC Chapter, Redwood Empire Association of Code Officials.

SIGNIFICANT CHANGES:

- None.

ENGINEERING BUDGET

Fiscal Year 2016-17

10024210 Engineering

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Engineering Division provides development review on projects, manages capital improvement projects from design through construction, manages and implements the City's Storm Water Management Plan for compliance with NPDES, staffs the Traffic Engineering Committee, evaluates projects for grease trap ordinance compliance and sewer lateral testing/replacement, etc.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Completed construction of NWP Rail Trail, Phase 1 from Clara Avenue to Gobbi Street.
- Completed design and construction of the North State Street and Garrett Drive crosswalk.
- Completed slurry seal project, local streets and Airport parking.
- Prepared plans and specifications for street rehabilitation project (Washington, Luce and Observatory).
- Received grant funding for Rail Trail, Phase 2.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue "Master Pavement Rehabilitation Program (MPRP)" - 2 year approach.
- Complete construction of street rehabilitation project (Washington, Luce and Observatory).
- Implement a Trench Fee.
- Complete paperwork for Rail Trail, Phase 3.

SIGNIFICANT CHANGES:

- Add Engineering Technician Position to continue the Master Pavement Rehabilitation Program and provide technical assistance with CAD and GIS support.

TRAFFIC SIGNALS MAINTENANCE BUDGET

Fiscal Year 2016-17

10024214 Traffic Signals

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Traffic Signals Division consists of maintenance of the City's traffic signal system. The City currently maintains 14 traffic signals. The signals operate 24-7, 365 days a year. With the installation of all LED traffic signal lights and battery powered back-up systems, the traffic signals will operate during rare power outages.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued maintenance of the traffic signal system.
- Coordinated repairs resulting from signal pole knockdowns.
- Coordinated minor adjustment to traffic signal controllers as needed.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue maintenance of the traffic signal system.
- Coordinate repairs resulting from signal pole knockdowns.
- Coordinate minor adjustments to traffic signal controllers as needed.

SIGNIFICANT CHANGES:

- None.

STREETS BUDGET Fiscal Year 2016-17

10024220 Streets

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Streets Division is a General Fund operation. Approximately one third of the budget is also funded by gas tax. The Streets crew has five full time employees, one of whom is a lead worker. The crew has been severely cut in the last few years from a crew of nine, only ten years ago. This decrease has affected the ability to pave streets and the Streets crew spends much more of their time maintaining all other things in the right of way, including signs, street trees, storm drain system, weed maintenance, street marking and stencil painting. The Streets crew also spends much of its time on unscheduled items such as picking up animals that have been hit in the road, graffiti removal, traffic collision cleanup, and repairing or replacing items that get damaged or vandalized by the public.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued maintenance of the right-of-way and overlay of the railroad tracks on Talmage Road, Ford Road, and Clara Avenue.
- Maintained the right-of-way with the most basic services.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue implementation of "Master Pavement Rehabilitation Program (MPRP)" - 2 year approach.
- Implement a "Reporting to City Source App".
- Complete construction of slurry seal and asphalt overlay projects.
- Rehabilitation of Washington Avenue, Observatory Avenue, and Luce Avenue.

SIGNIFICANT CHANGES:

- Change the temporary, full time Public Works Maintenance I employee to a permanent position to continue to bolster the "Master Pavement Rehabilitation Program (MPRP)".

STORM WATER BUDGET

Fiscal Year 2016-17

10024224

Storm Water

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Storm Drain Division consists of maintaining the storm drain system. There is an estimated 5 miles of storm drains within the City Limits. Crews annually spend a significant portion of their time in the fall clearing the drain inlets to assure that storm water will flow through the system and not flood areas of the city.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued maintenance of the storm drain system to prevent flooding.
- Obtained Phase 1 National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System Permit coverage as a co-permittee with other agencies located in the Russian River Watershed.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue to maintain the storm drain system to prevent flooding.
- Construct a new Storm Drain at the Ukiah Fairgrounds to replace a line that has failed.
- Implement NPDES Municipal Separate Storm Sewer System Permit.

SIGNIFICANT CHANGES:

- Fund a portion of salaries for the Streets Crew out of this division as the Streets crew maintains and cleans the storm water system, drain inlets, lines, etc.

FIRE DEPARTMENT BUDGET Fiscal Year 2016-17

10521210 Fire

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

Fire activities, including Suppression, Prevention, and Volunteer services.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued a City and Ukiah Valley Fire District (UVFD) shared Fire Chief.
- Continued joint fire suppression services with UVFD personnel.
- Continued a joint Volunteer Fire Training program.
- Continued Advanced Life Support (ALS) services on first out equipment.
- Continued Cal Fire dispatching contract.
- Single point Fire Prevention and Fire Marshall services for City and UVFD.
- Recertification of all personnel in swift water rescue.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continuation of joint fire services for entire valley.
- Continuation of joint volunteer fire training and volunteer development programs.
- Continuation of ALS services on initial response.
- Recreate and continue the agreement with UVFD.
- Look for alternative funding mechanism for Ukiah Valley Fire Authority. (UFD & UVFD)
- Due to nationwide volunteer shortage, look for ways to fund additional paid staff.

SIGNIFICANT CHANGES:

- Loss of Stipend program creating a staffing shortage.

Fire Expenses

Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private enterprises. Each enterprise covers its cost of providing goods or services to the general public primarily through user charges. Enterprise fund revenues cannot be used for any city purposes not benefiting the enterprise. Uses for Enterprise Funds include:

- **Parking District (640):** Accounts for the operation and maintenance of public, permitted, and timed parking facilities.
- **Landfill/Solid Waste (700-705):** Accounts for the activities of the City's solid waste landfill operations.
- **Golf (720):** Accounts for the operation, maintenance, and improvements to the City's Golf Course.
- **Conference Center (730):** Accounts for maximizing the productivity of smaller meetings with single-purpose conference spaces as well as providing communication and information to visitors and residents.
- **Airport (777):** Accounts for the operation, management, safety, and convenience of all members of the aviation community as well as maintaining cooperation and coordination with various organizations.
- **Electric (800):** Accounts for activities relating to the operation of the City's electric system including generation and distribution as well as 2.85% of gross electric charges are to be used for public benefit.
- **Street Lighting (805):** Accounts for maintaining public street lights.
- **Public Benefits (806):** Accounts for educating and marketing energy conservation as well as providing utility assistance to seniors and low income households.
- **Water (820):** Accounts for activities relating to the operation of the City's water system including distribution and treatment.
- **Recycled Water (830):** Accounts for the need to discharge treated effluent to a surface water body per increased regulations.
- **Wastewater (840):** Accounts for activities relating to the operation of the City's wastewater system including wastewater collection and distribution.

Fiscal Year 2016-17

80026100	Electric Distribution
80026110	Electric Overhead
80026120	Electric Underground
80026130	Electric Substation
80026140	Reimbursable jobs
80026200	Electric Testing and Calibrating
80026300	Electric Generation

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Electric Operations and Construction Division provides 24 hour 365 day response to emergency service calls for customer power problems, outages and to make high voltage power lines safe for Fire & Police personnel at structure fires, automobile accidents and many other situations where electric lines are near emergency crews.

The Division also performs a wide variety of new and maintenance construction work on Ukiah's overhead and underground distribution system. In addition, the Department staff provides management, inspection and acceptance testing services for internal and external constructed projects. Each team member is a highly skilled individual that receives significant training to work with high voltage lines located on pole top and in underground vaults in all weather conditions. The Electric Department staff stand ready to help our customers and community.

Electric employees take pride in the design and construction of each and every project. Employees live locally and personally know their customers. As part of the community, we work directly with customers to develop the best solution that is cost effective while meeting the customer's needs.

AREAS OF RESPONSIBILITY INCLUDE:

- Monitor, control and operate the electric distribution system. Prepare written switching procedures, electric system operating reports. Operate, test and program the System Control and Data Acquisition Systems (SCADA) located at the City's hydroelectric power plant and at the Orchard Substation.
- Design, engineer and construct system improvements for improved capacity, reliability, operating flexibility for all circuit loading situations and insure power restorations during emergencies. Systems include: electric distribution main feeders, 12 kV tap lines, substation, get-a-ways and distribution system devices such as switches, fuses vacuum breakers, monitoring equipment and capacitors that increase efficiency and improved customer experience.
- Coordinate and direct skilled field personnel during power outages.
- Maintain 40 miles of overhead lines, 30 miles of underground 12,000 volt distribution lines and 0.3 miles of 115,000 volt transmission lines.
Maintain 2,000 Light-emitting diode (LED) and High Pressure Sodium (HPS) street lights and
- associated services.

- Maintain and test overhead and underground distribution equipment and communication and control systems.
- Design, engineer and construct overhead and underground line extensions to serve new electrical loads.
- Test and maintain high voltage power equipment at the Orchard Substation and throughout the City. Equipment includes: power transformers, vacuum and SF6 circuit breakers, instrument transformers, station service equipment, 125 volt battery systems, chargers, 12,000 volt capacitors, re-closures and pad mounted switchgear. Test and calibrate protective relays.
- Intelligent equipment devices, remote control units, controllers and fiber communication systems.
- Provide vegetation clearance for overhead power lines per State mandates.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

DISTRIBUTION SYSTEM:

- Personnel training for advance supervisory and construction skills.
- Underground system duct system along Low Gap and Ukiah High School area.
- 12,000 volt feeder No.204 - redesigned and installed to supply power to the South Airport Boulevard area. – Needed for load balancing and emergency power restoration. Power outage duration have a significant impact on business, this will insure capacity and shorter outages.
- Obtained public utility easements for re-configuration of primary switching and efficiency improvements for Oak Manor Subdivision.
- Duct system installed for Perkins Street Underground project.
- Monitor downtown subsurface transformer loading for possible upgrades.
- Completed system upgrades of fuse coordination and fault locators year 4 of 6.
- Completed vault and underground system on Leslie street north of Gobbi Street.
- Updating designs for the proposed courthouse. Costco project on hold.
- Completed 100% of the new Hospital duct construction project. This is a phased project that provides new services, transformers and a redundant 12,000 volt supply system. To insure a high level of reliability.
- Expanded Safety training program effectively doubling the class room and field training time.
- Installation 100% complete -Underground duct system and electric equipment - Low Gap and Ukiah High School areas – helps eliminate long term outages to the Sharif, County and High School operations.
- Completed 200 amp underground reinforcement for County Administration, Jail, and Sheriff's offices.

ORCHARD SUBSTATION:

- Tested and replaced cabling for sudden pressure, High temp, and High winding temperature sensing transducers.
- Upgraded monitoring system for buss under voltage and transient voltage monitoring.
- Complete technical specification and bid transformer radiator and bushing gasket repairs.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

OVERHEAD:

- Deploy Overhead fault detection.
- Complete construction of two overhead circuits from Gobbi Street to Cherry and Hastings Street along rail line.
- Replace re-closures (3)
- Continue safety and regulatory training.

- Continue primary line tree clearance program including selected secondary locations.

UNDERGROUND:

- Design and deploy fault detection and protection equipment.
- Complete the Perkins Street Overhead to Underground conversion.
- Continue 600 amp 12 kV underground connector replacement along Orchard Avenue.
- Complete 200 amp switching reinforcement for Oak Manor Subdivision Phase 2.

SUBSTATION:

- Complete Transformer T1 oil insulated bushings.
- Upgrade TI control wiring.
- Build protection relay test station.
- Install Advanced Metering Infrastructure access point radio.

SIGNIFICANT CHANGES:

- None.

ELECTRIC ENTERPRISE FUND BUDGET

Fiscal Year 2016-17

80026330 Hydroelectric Plant
80026400 Electric Administration

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Electric Utility Administration Division provides overall financial and organizational oversight of the Department. Additionally, other services include system design and engineering, administrative support, planning to meet the community's needs. This Division develops rates and rate structures, establishes department policies, goals and objectives. Monitors cash flow, capital expenditures, budgets, professional training and goals of each individual team employee. Operational tasks include:

- Procures reliable gas and electric energy sources at the lowest practical energy cost. Includes managing the energy, capacity, renewables (RECs) and Cap-n-Trade (carbon) markets in accordance with the Western Electric Coordinating Council (WECC), National Electric Reliability Corporation (NERC) and California Energy Commission (CEC).
- Projects are designed, engineered and inspected utilizing Department staff as well as reducing overall costs, delays, and enhances staff's knowledge of the system through the engineering to installation process. Overall the Department's staff gain experienced with the ability to handle future situations with personal knowledge and experience. The end result is the electric Customer will have lower cost and shorter outages so they can do what they want and have more money to do it with!
- Develops, acquires and monitors efficiencies of power generation and transmission resources in accordance with forecasted needs. Provide ten year bulk power cost analysis. Purchase energy and capacity to close open positions consistent with the department's Risk Management and external mandates.
- Maintain the Energy Risk Management Policy for energy trading process, procedures, limits, authorities, and coordination with the Northern California Power Agency (NCPA) and other Joint Power Agencies (JPA).
- Collect and translate load research data for system analysis, cost-of-service and time-of-use billing determinants.
- Monitor local electric and JPA capital projects and make recommendations for the project financing/refinancing.
- Provide overall management and strategic direction for the data and electric distribution systems.
- Represent the Department on a variety of commissions and committees related to Departmental resources.
- Maintain relationships on behalf of the Department with customers and outside organizations.

- Monitor and manage overall Department fiscal position.
- Risk Management, State and Federal compliance programs.

MAJOR ACCOMPLISHMENTS FOR FY FY 2015-16:

HYDROELECTRIC PLANT:

- Performed plant maintenance and control system updates during low water flow.
- Electric Utility Technicians implemented an internship program and successfully painted turbines and generator equipment.
- Performed engineering level investigation into the development of seal repairs, flow monitoring upgrades and gate repairs.

ELECTRIC DESIGN AND ENGINEERING:

- Personnel training to enhance management and engineering design skills.
- Expanded Safety training program effectively doubling the class room and field training time.
- Designed first phase of Oak Manor subdivision upgrade.
- Developed tap line fault indicator application and identified optimum field locations.
- Obtained Public Utility Easements for equipment located on customer's property.
- Purchased natural gas and carbon credits for the Lodi Energy Center, and electric energy – Local control reduces over purchase and products not meeting Ukiah's needs. Maintains a low cost for the customer.
- Developed the specification for Tainter seal repairs.
- Completed yearly reports to Federal Energy Regulatory Commission (FERC), California Energy Commission (CEC), California Independent System Operator (CALISO), North America Electric Reliability Corporation (NERC), Mendocino County and California Air Resources Board (CARB) associated with electric production, Renewable Energy Credit(s) (REC) generation, SF6 gas storage and standby generation.
- Actively secured 90% of the Utility's energy requirements through June 2017.
- Continued to refine the Public Benefits conservation rebate and assistance programs to be consistent with customer's needs.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Insuring power is available when needed, continue to identify cost effective electric system.
- Utilize advance technology equipment and work methods to deliver the best of class service to our customers.
- Continue to update Supervisory Control and Data Acquisition (SCADA) and M2M communication to mobile field devices.
- Continue NERC, CEC, CARB and FERC regulatory compliance.
- Monitor expenditure and effectiveness of internal services to outside vendor to identify areas of cost and efficiency improvements.
- Continue to market carbon offsets and renewable bundled energy sales to utilize Historic RECs.
- Acquire carbon credits to offset Lodi Energy Center and market purchases carbon requirements.
- Expand DMP3 protocol for mobile device applications.

SIGNIFICANT CHANGES:

- None.

ELECTRIC ENTERPRISE PUBLIC BENEFIT FUND Fiscal Year 2016-17

80626500 Public Benefit

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The State mandated the requirement to collect a separate surcharge to be used for "Public Benefits" (AB 1890 in 1996) programs in four categories:

- Cost-effective demand-side management services to promote energy efficiency and energy conservation.
- New investment in renewable energy resources.
- Research, development and demonstration projects.
- Services provided for low-income electricity customers.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Review of this fund is needed as funds have been depleted for increased services through the years and need to be realigned with annual income.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Enhance commercial marketing plan for energy conservation and education.
- Continue the highly utilized customer rebate programs.
- Work with the City Council and Finance Department to refine assistance programs.

SIGNIFICANT CHANGES:

- None.

ELECTRIC ENTERPRISE STREET LIGHTING FUND

Fiscal Year 2016-17

80526610 **Street Lighting**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Street Lighting fund provides funding to operate and maintain approximately 1500 wood and steel pole mounted street lights. This fund also covers the cost to convert lighting in underground conversion districts. Funding is obtained through a \$2.00 per electric account per month street light charge.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Maintained street lights and continue to upgrade to LED for better visibility and energy efficiency.
- Completed Perkins Street Lighting Project.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Complete underground phase for Perkins Street Lighting Project.
- Evaluate LED lighting types, effectiveness, and efficiency for the residential areas of town.

SIGNIFICANT CHANGES:

- None.

CONFERENCE CENTER ENTERPRISE FUND Fiscal Year 2016-17

73022600

Conference Center

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Ukiah Valley Conference Center (UVCC) continues to operate successfully as a meeting focused event center while encouraging weekend events to maximize the use of the facility. In addition, full time tenant space is leased along School Street and within the internal office space. The Conference Center is a hub of commerce and connection, and now houses Visit Ukiah. The Conference Center also coordinates tenant activities at other City properties.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Gained approximately a 10% increase in room rental revenue over prior year.
- Continued to operate at a high level of efficiency with a focus to reduce cost during the economic downturn.
- Continues to attract and provide space for some of Ukiah's most successful local retailers, legislative district offices, and nonprofits.
- Significantly increased major event bookings, improving the calendar as a whole.
- Maintained 100% occupancy with fully leased office/retail space including office sharing to maximize usage of space.
- Upgraded the improved Wi-Fi service to accommodate over 100 users making the UVCC the only meeting facility to offer large scale bandwidth.
- Implemented a facility management software system to increase efficiency and tracking of maintenance items.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue to research and work toward securing funding for upgrading the kitchen to a commercial kitchen for additional rental income and community support; ongoing evaluation.
- Maintaining an active Facebook account with growing user base and continuing to increase visibility through social media, specifically targeting small conferences, conventions and rentals with a social media plan.
- Participate in meeting professional organizations in California to increase exposure, including the North Bay Wedding Fair & the Meeting Professionals International (MPI) Annual Expo & Conference.
- Continue a comprehensive inventory and inspection evaluation of banquet furniture to repair and/or replace.
- Replace worn video screens to keep the facility in full operating functionality.
- Strive to incorporate our Core Values into all areas of our operations.

SIGNIFICANT CHANGES:

- Contribution to Capital Improvement Plan projects.

Airport

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Ukiah Municipal Airport provides an alternative form of transportation and emergency access in and out of Ukiah. To support this, the major activities of the Airport support the fueling of all forms of aircraft. The operations and maintenance activities include the management, supervision and training of staff as well as the upkeep of facilities and equipment. The Airport maintains over 2 miles of runway and taxi-way pavement; maintains 260 runway and taxi-way lights; maintains two fuel trucks: Jet A truck holding 5,000 gallons and 100LL truck holding 750 gallons of fuel; maintains a 20,000 gallon bulk fuel storage tank that is split to hold 12,000 gallons 100LL and 8,000 gallons of 100LL; maintains 160 acres of airport property; and maintains over 60 hangars and other buildings.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Began upgrades to Jet A fuel farm.
- Slurry sealed Cal Fire ramp and Airport Parking lots.
- Airport Layout Plan Approved by the Federal Aviation Administration (FAA).

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- To begin FAA grant for Runway Rehabilitation Design.
- Complete installation of 100LL Self Service fuel tank.
- Continue slurry seal of airport ramps and roads.

SIGNIFICANT CHANGES:

- None.

Fiscal Year 2016-17

72000000

72022400

Golf Enterprise

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

Manage the operations, maintenance, and improvements at the Ukiah Valley Golf Course. The Facility is a Northern California Golf Association (NCGA) rated 18-hole, Par 70 course consisting of 5,850 yards of play on 89 acres. The Course is operated and managed by Tayman Park, a private contractor specializing in golf course management. The contract with Tayman Park will limit the City's ongoing exposure to increased operational expenditures and ensure a positive revenue flow to payback operational and capital debt to the City.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Completed continued tee reconstructions.
- Continued to upgrade sprinkler heads for better coverage and improved conservation.
- Continued into year four of five of the fairway and collar resurfacing project to better establish consistent turf and improved playing surface.
- Replaced HVAC units for Pro Shop and Todd Grove Room.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Work with Tayman Park to expand play and tournament activities; ongoing work performed by Tayman Park.
- Continue to explore with Tayman Park the feasibility of a Diving Range; ongoing work performed by Tayman Park.
- Tayman Park will continue to explore expanded food and beverage services. They are currently evaluating a renovation project to improve outdoor seating which is the precursor to expanding food and beverage operations.
- Tayman Park will implement the 4th operation and capital improvement plan as well as submit the 5th year plan for review and approval. Projects and programs include irrigation water source development, tee reconstruction, fairway and collar resurfacing, irrigation component replacement, cart paths, patio renovation, and electrical trenching.

SIGNIFICANT CHANGES:

- None.

[1] The General Fund and Liability Fund advanced funds to the Golf fund for improvements. These advances will be paid back to the funds when there is sufficient cash flow to do so.

[2] Over the years, there has been a build up of annual operating deficits that created a large working capital deficit. This deficit is planned to be reduced over the next several years by reducing operating costs and improving marketing of the Golf Course. Once the operating deficit has been eliminated, it is planned to begin repaying the advances from other funds.

WATER ENTERPRISE FUND BUDGET Fiscal Year 2016-17

82024410	Water Administration
82024411	Production and Distribution
82024414	Distribution Maintenance & Operations

BREIF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Water Division's budget is made up of three separate budgets including Administration, Production and Distribution. The Wastewater Collection budget is closely coordinated with the Water distribution budget as the amount of water distributed directly correlates to the amount of wastewater that needs to be collected. The same crew maintains both the collection and distribution systems. The cost of these operations is proportioned to the individual funds as calculated on the year prior and applied to the current year.

The water system is run by approximately 19 full and part time employees. Many of the part time employees are full time and funded by other budgets for other duties they perform.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Well #4 rehabilitation design complete and construction in progress.
- Well #9 design complete and construction in progress.
- Water Rate Study complete and new rates adopted.
- Initiated groundwater study with UC Davis for compliance with the Sustainable Groundwater Management Act (SGMA).

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Complete construction of Wells 4 and 9.
- Construction of 2016 summer water main replacement project.
- Initiate design for replacement of Zone 2 South Reservoir.
- Convert Treatment Plant from Chlorine Gas to Sodium Hypochlorite.
- Operate water supply system to maximize appropriative rights.

SIGNIFICANT CHANGES:

- None.

Internal Service Funds

Internal Service Funds are used to finance and account for the goods and services provided to other departments, or funds on a cost reimbursement basis. Departments were charged a percentage based on various principles. Each department has a list of charges for each allocation within the budget document. For detailed descriptions refer to the Cost Allocation Plan document. Uses for Internal Service Funds include:

- **Insurance Liability (202):** Accounts for the financial responsibilities or obligations of the City.
- **Garage (203):** Accounts for an efficient, productive repair and preventative maintenance facility to all city-owned-and-operated vehicles.
- **Purchasing (204):** Accounts for centralized purchasing for all City departments.
- **Billing & Collections (205):** Accounts for the billing and collection of water, wastewater, electric, garbage, and street lighting.
- **Dispatch Center (206):** Accounts for communication strategies that are used to route emergency services to relevant departments and organizations.

GARAGE INTERNAL SERVICE FUND BUDGET

Fiscal Year 2016-17

20324100 **Garage**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The City Garage provides maintenance to over 401 vehicles and equipment. The vehicles are serviced by three full time mechanics. Vehicles are serviced at regular intervals, depending on use. The City Garage mechanics ensure compliance with requirements of the California Highway Patrol, Bi-annual Terminal inspections (CHP BIT), Occupational Safety and Health Administration (OSHA) Aerial Inspections, California Air Resources Board (CARB), Mendocino County Air Quality Management District (MCAQMD), and Mendocino County Division of Environmental Health (MCDEH).

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Continued to maintain the City fleet and comply with all regulatory requirements.
- Replaced all overhead doors on the Garage facility.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Maintain vehicle compliance with CHP BIT inspections as well as OSHA, CARB, MCAQMD and MCDEH requirements.
- Continue to provide service to all City departments, Ukiah Valley Fire Department and Fort Bragg Police Department, and Mendocino County District Attorney.
- Continue to maintain compliance with the generator set which provides emergency backup power to the Civic Center per National Fire Protection Association (NFPA) 110 standards.
- Replace pressurized overhead lubrication system.
- Replace heating system with a more efficient system.

SIGNIFICANT CHANGES:

- Recruit a 40 hour Mechanic Equipment Apprentice to assist the mechanics and make improvements to the Corporation Yard.

20413500 Purchasing

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Purchasing Division, of the Finance Department, coordinates and executes the procurement of equipment, supplies, construction contracts, and contractual services for all City departments, which includes maintaining the warehouse inventory for the electric, water, and wastewater utilities. In addition, Purchasing facilitates the sale and/or disposal of surplus supplies and equipment.

MAJOR ACCOMPLISHMENTS OF FY 2015-16:

- Generated revenue in the sale of surplus property.
- Performed key procurement activities in support of major projects, including: the Grace Hudson Museum Nature Education construction project; Utility Billing outsourced statement processing; installation and site development of Wells 4 & 9; aviation fuel tank purchase and installation; tree trimming contract for Electric Utility; replacement of major fleet vehicles including vector, utility, and service vehicles; Hastings electric utility department (EUD) relocation project; hydro-electric tainter valve repair; information technology infrastructure upgrades; and system control and data acquisition systems (SCADA) support for Water/Sewer Utilities.
- Facilitated more than \$13 million in purchases.
- Centralized all construction bidding within the Purchasing Department for increased process consistency and efficiencies.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Complete design and installation of EUD inventory warehouse.
- Move EUD inventory and organize new warehouse facility at Hasting property.
- Convert to Munis inventory module and implement barcode system.
- Expand on-line bidding capabilities.
- Utilize Munis Requisition module.
- Continue procurement support for all departments.
- Conduct purchasing training for employees.
- Facilitate more outreach and education to local vendors.

SIGNIFICANT CHANGES:

- None.

BILLING & COLLECTIONS INTERNAL SERVICE FUND BUDGET Fiscal Year 2016-17

20513300 Billing and Collections

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Billing and Collection Division, of the Finance Department, produces bills for over 10,000 customer accounts each month, consisting of 4 utility cycles and one Ukiah Valley Sanitation District (UVSD) cycle totaling 60 cycles per year. Utilities billed include electric, water, sewer and garbage. In addition, the City processes 150-200 billings for airport hangar rentals, parking permits, insurance claims, retiree benefits, booking fees, driving under the influence (DUI) fees and miscellaneous job cost recoveries. Further, the Billing and Collections Division issues Business Licenses to over 1,400 businesses per year. This process involves close inter-departmental coordination between Planning, Building Inspection, and Fire Inspection divisions of the City.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Maintained low levels of past due accounts by working closely with City customers.
- Successfully opened over 1200 new utility accounts using the ONLINE Credit reporting system.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Complete implementation of Tyler Munis software.
- Complete update of desk manuals for Munis Software.
- Re-evaluate the Division's operational needs upon full implementation of Tyler Munis software. Expand credit card services to miscellaneous payments (Parking Permits, Parks & Recreation, Employee Health Premiums, etc.).
- Outsource, printing and mailing of utility billings, and delinquent notices through Infosend. This will also include the printing of billing inserts that go out with monthly billings.

SIGNIFICANT CHANGES:

- None.

[1] For FY 2012 to 2015, the meter reading costs for Water and Electric meters were charged directly to the respective departments. They are shown in gray shading to better reflect the cost of utility billing and comparison to the updated cost allocation plan in FY 2016 and 2017

[2] Funds held in the Equipment Fund (220) are being transferred back to the respective enterprise and internal services funds to comply with proper accounting for fixed assets in the respective funds and provide a better management of the fund activities

[1] Building Maintenance is an Internal Services Fund as part of the City's Cost Allocation Plan. This includes maintenance of all City facilities and the Corporation Yard. Costs are allocated to other funds on the basis of square footage use of the departments for the Civic Center and Corporation Yard. Prior to FY FY 2016, these costs were included in the General Fund and the gray highlights those years are included on this schedule for comparison purposes only.

[2] Charges to the various funds are combined From the detail for the Building Maintenance and Corporation Yard activities

INFORMATION TECHNOLOGY INTERNAL SERVICE FUND BUDGET Fiscal Year 2016-17

20922900 **Information Technology**

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Information Technology Department provides management and technical services for the City's computer, network and telephone systems. These systems provide all of the City's computer services, including standardized desktop applications, business applications, databases, electronic mail, remote access, mapping and other services. IT services include system planning, maintenance, network security, systems back-up, internet access and oversight of user applications. The IT Department provides direct customer support to employees through desktop installation, configuration, maintenance, repair, and network access services. In addition, the IT Department oversees the development, continuing enhancement, and maintenance of the City's internet and intranet sites. The IT Department provides end user technology training to all departments either through in-house training and/or outside service providers. Our goals is to provide solutions that enable our employees to become more efficient in their daily tasks. When our employees are productive and efficient, we are accomplishing our goal.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Access Point Wi-Fi Upgrade – Civic Center and Annex.
- Card Lock – Access Control System Installation – Main Civic Center and Annex - (still in process).
- CheckPoint – Highly Available cluster for redundant switch-over of Firewall.
- Switch / Router end of life replacement – (still in process) - Completion over 6 month span.
- Wireless WAN Point / Multi-point External site connectivity to Civic Center - (Site Survey in process).
- Verification / Creation of all employees access to email.
- Mandatory Upgrade of Video Storage - Pursuant to Government Regulation.
- Council Chamber technology upgrade - Planning - (still in process).
- Mobile Data Computers have been installed in twelve Police Cars and are now functional.
- Email (Cloud Service) SPAM filter has been configured to add another level of email security for our users.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Card Lock (Phase 2) – Access Control System Installation – Selective Police Department Doors and PD IT Server Room / CC IT Server Room / IT Office Doors
- Veeam Backup and Replication Enterprise – 5 Hosts.
- Provide Ongoing IT Operational Training Sessions for all new employees, as well as existing employees. This will help all employees become better aware of IT solutions and procedures.
- Proceed with network architecture plan, to provide Disaster Recovery for our Network at an off-site location.
- (2 CPU Sockets Per Host) – 1 additional Cluster Server VM-Host
- Begin creation of an IT Master Plan - Reflective of IT Operations and Maintenance
- Begin IT training/assimilation of IT/Project Management for Munis enterprise resource planning (ERP) Operations - Provide new tech support triage model between Users, IT

and Operating System and Database Administration (OSDBA).

- Continue Project related training and knowledge transfer from Portola Systems, for hand-off of technical support as related to PD Car mobiles, Verus Video Storage Server, Netmotion Server.
- Continue Project related training and knowledge transfer from Portola Systems, for hand-off of technical support as related to "Change Management" our new Checkpoint Firewall.

SIGNIFICANT CHANGES:

- Employees and the Public have excellent on-premise coverage of Wi-Fi services in the Civic Center and Annex facilities. In addition, employees have secure access to the City of Ukiah network with their notebook computers anywhere in the Civic Center and Annex.
- With our Cardlock secure access system, employees and the Public have more secure physical access to City facilities.
- All employees have access to email and the City of Ukiah network - Use of email application training is ongoing.
- In addition to our current Firewall, our network now has a backup firewall in place, should any failures occur. In addition, new virtual private network (VPN) services are available to our employees for offsite connection to our network.
- When our Point-Multipoint system is completed, our outward facing sites will have reliable network connections to the Civic Center.
- The IT Department will take on additional workload to cover technical support of our ERP Munis Operations and Police Mobile and Verus Camera/Isilon Storage technology, Point-Multipoint Wireless Network System and New Council Chamber Technology.

GRACE HUDSON MUSEUM SPECIAL FUND BUDGET Fiscal Year 2016-17

69122700

Grace Hudson Museum & Sun House

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The Grace Hudson Museum's collections consist of more than 30,000 inter-related objects, with significant holdings of Pomo Indian artifacts, Grace Hudson's artwork, historic photographs and glass plate negatives, ethnographic field-notes and historic manuscripts. Regularly changing exhibitions and public programs are thematically shaped by, and linked to, its collections with their focus on American Indian art and culture, early California art, and Western history.

The Sun House, the Hudson's home, adjacent to the Museum, is a charming example of Craftsman architecture. This 1911 redwood bungalow contains its original furnishings and is open for docent-led tours. The Sun House, California Historical Landmark #296, is listed in the National Register of Historic Places, and is a founding member of the National Trust for Historic Preservation's Historic Artists' Homes and Studios program.

The Grace Hudson Museum is visited by more than 2,000 students every year, and has an annual attendance of approximately 12,000, including significant numbers of out of state and international museum-goers.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Organized, designed and installed three large exhibitions – “*Gold Fever: Untold Stories of the California Gold Rush*,” “*In the Construction Zone: Mendocino County Assemblage Art*,” and “*She Sang Me A Good Luck Song: The California Indian Photographs of Dugan Aguilar*,” and organized public educational programs to accompany each exhibit. In addition, staff created and installed an exhibit on Grace Hudson's life and art at the Cloverdale History Museum in the fall of 2015.
- Made the loan, travel, and insurance arrangements, and packed up the paintings, photographs and artifacts for shipping to Honolulu, so that the Museum's “*Days of Grace: California Artist Grace Hudson in Hawaii*” exhibit could open to the public at the Honolulu Museum of Art for viewing from November 2015- March 2016.
- Received a national 2015 Leadership in History Award from the American Association of State and Local History for the staff authored Museum publication *Days of Grace: California Artist Grace Hudson in Hawaii* catalog. Was the only California recipient of this peer-reviewed award of excellence.
- Worked with the project design team, consultants, and others to create and finalize the public bid documents for the Grace Hudson Nature Education Project in four consecutive phases. Staff successfully awarded construction contracts to the lowest responsible bidders for all four construction phases comprising the Grace Hudson Nature Education Project.
- Carefully monitored the selected contractors' work product and performance for three of these construction phases including the interior Museum renovations, the new Tsiwish Stormwater Retention Basin, the new parking lot and bioswale, the Outdoor Classroom, the Pomo Brush Arbor, and the construction of the raised boardwalk.

- Successfully awarded contracts to selected artists for various interpretive elements and artworks for the Grace Hudson Nature Education Project.
- Worked with a graphic designer to develop and produce a variety of fundraising materials to launch a significant fundraising effort in association with the on-going construction of the Grace Hudson Nature Education Project.
- Prepared plans and specs and awarded a contract for Museum's roof repair and replacement.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Carefully monitor the selected contractor's work product and performance for the fourth, and final, construction phase of the Grace Hudson Nature Education Project which will include a large recirculating water feature modeling a section of a salmon stream, construction of perimeter fencing, walls and gates, installation of an outdoor security system, installation of irrigation and outside lighting, and landscaping with native plants.
- Continue to award and monitor contracts to selected artists for various interpretive elements and artworks for the Grace Hudson Nature Education Project.
- Assist grant writer and Sun House Guild and Grace Hudson Museum Endowment Board members in raising at least \$500,000 in gifts and donations, primarily for the Grace Hudson Nature Education Project.
- Finalize the interpretive design and text for the Grace Hudson Nature Education Project.
- Monitor the selected contractor's work product and performance for the Museum's roof repair and replacement project.

The Sun House Guild:

Financial support of the Grace Hudson Museum in partnership with the City of Ukiah for FY 2015/2016.

In FY 2015/16 the Sun House Guild raised and spent a total of \$94,690. Overall, close to 80% of the Sun House Guild's spending went directly to offset Museum-related expenses, along with paying for insurance, supplies, membership materials, and other organizational overhead. The Guild's contribution supplements the City's funding for the Museum appropriated in this document.

1. \$32,000 Exhibition production and related exhibit public programming.
2. \$18,400 Community outreach, marketing and advertising.
3. \$27,420 Museum operational support.

SIGNIFICANT CHANGES:

- Museum's Public Room will not be rented out for most of the year, due to on-site construction, resulting in the reduction of rental revenue.
- Proposal of elimination of part-time Museum Registrar position and the incorporation of those duties into the current full-time Museum Curator position.
- Proposal of the addition of another full-time Museum Curator position, focused on public programming and education, to ready the Museum for the successful operation and programming of the Museum's new Outdoor Education Project, scheduled to open to the public in June, 2017.

Visit Ukiah

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

The mission of Ukiah's Transient Occupancy Tax Program (TOT) is to responsibly administer a continuously improving promotional program for the Greater Ukiah Area utilizing Measure X funds. The Program will leverage partnerships with key groups and organizations, foster community pride, and increase tourism.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Increased TOT revenue/program income by 19% over the prior year, for a cumulative increase of 77% since 2010.
- Continued to develop and promote the Visit Ukiah brand, which captures the spirit of Ukiah and creates a unique position for marketing.
- Maintained a comprehensive visitor-based website, which includes the area's most comprehensive event calendar; over 50,000 views to website, successfully reaching the target areas of the Bay Area and the Sacramento Valley.
- Expanded distribution of the Visit Ukiah brochure to include the Sonoma County Airport and the California Welcome Centers in Santa Rosa and Eureka.
- Represented Ukiah at Sunset Celebration Weekend, Taste of Mendocino, the Modern Bridal Luxury Wedding Event, and the Bay Area Travel and Adventure Show.
- Strategically placed ads in Sunset Magazine, VIA Magazine, 101 Things to Do in Mendocino County, the Visit Mendocino Travel Guide, and local hotel directories.
- Partnered with Ukiah-area businesses for advertising in the Mendocino Travelers Guide in order to expand Ukiah's presence in this magazine.
- Received over 2,500 leads from readers of Sunset and VIA Magazines, each answered with a personalized direct mail piece.
- Partnered with Visit Mendocino, Destination Hopland, and other local businesses to promote the Ukiah area.
- Maintained regular Visitor Center staffing that corresponds with peak travel times.
- Developed the "Live Like a Local" program, which crowd-sourced favorite Ukiah-area activities and attractions.
- Developed the Visit Ukiah retail store at the Visitor Center, selling branded merchandise.
- Worked with CalTrans to improve directional signage along the Hwy 101 corridor.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Continue to evolve the Visit Ukiah brand to ensure relevancy and effectiveness.
- Continue to increase awareness of Visit Ukiah brand, both locally and in target markets through marketing, press releases, and word of mouth.
- Continue to develop the resources at the Visitor Center by networking with other visitor centers and local hospitality-related businesses.
- Continue to increase awareness of Ukiah as a destination wedding location.
- Complete gateway signage project.
- Develop hospitality training resources to improve level of service.
- Increase Visitor Center staffing to include Saturdays (during peak season) and

additional weekday hours.

- Increase distribution of Visit Ukiah brochures.

SIGNIFICANT CHANGES:

- No significant budget changes; Visit Ukiah is completely funded with transient occupancy tax.

[1] Visit Ukiah promotion programs are funded from 50% of the additional 2% Transient Occupancy Tax (TOT) approved by the voters in November 2006 as Measure X. Prior to FY 2016, the Visit Ukiah programs were reported in the General Fund (#100) and are shown above, in a gray highlight, for illustrative purposes only. The TOT revenues are recorded in the General Fund and transferred to Visit Ukiah (#750) to fund the promotional programs.

[2] This amount reflects the unspent portion of 50% of the 2% TOT revenue since 2010 and transferred to the Visit Ukiah fund.

[3]As of FY 2017, the 50% of the 2% TOT revenue, less 10% for Administrative costs, is to be transferred to the Visit Ukiah Fund from the General Fund.

[1] Under the Franchise agreement with _____, the Transfer Station facility will be turned over to the City and _____ will continue to operate the Transfer Station and pay a rental fee to the City starting on January 1, 2017.

[2] During the next two years of the Transfer Station funding, under the franchise agreement, there will be a cash flow shortfall as part of the funding plan for the Sanitary landfill closure project. It is planned to use temporary advances from other City funds estimated at \$400,000 over the next two years to cover the short fall. these advances are planned to be repaid from the Transfer Station rental fees in FY 2019 and FY 2020 once the closure project is completed and post closure monitoring is implemented

[3] The State Integrated Waste Management Board (CIWMB) requires an extensive remediation project to limit environmental damage from the closed Sanitary Landfill owned by the City. Since the facility was closed in 2001, funds have been reserved to provide for the closure and post closure monitoring costs over the next 30 years. A financing plan has been developed to complete the funding of the remediation project over the next two years, monitoring over the following 28 years and provide for necessary repairs to the remediation.

SUCCESSOR AGENCY BUDGET Fiscal Year 2016-17

Ukiah Successor Agency

BRIEF DEPARTMENT AND/OR DIVISION OVERVIEW:

To help facilitate the winding down process at the local level, Successor Agencies, have been established to manage redevelopment projects currently underway, make payments on enforceable obligations, and dispose of redevelopment assets and properties. Each Successor Agency has an oversight board that supervises its work. The oversight board is comprised of representatives of the local agencies that serve the redevelopment project area: the city, county, special districts, and K-14 educational agencies. Oversight Board members have a fiduciary responsibility to holders of enforceable obligations, as well as to the local agencies that would benefit from property tax distributions from the former redevelopment project area.

MAJOR ACCOMPLISHMENTS FOR FY 2015-16:

- Completed and received Department of Finance approval for the FY 16-17 Annual Recognized Obligation Payment Schedule.
- Implemented the Recognized Obligation Payment Schedules for 15-16A & 15-16B.

PERFORMANCE GOALS AND OBJECTIVES FOR FY 2016-17:

- Implemented the Recognized Obligation Payment Schedules for 16-17.
- Explore the possible development of a last and final recognized obligation payment schedule.
- Continue with the implementation of the approved Long Range Property Management Plan.

SIGNIFICANT CHANGES:

- None.

OVERVIEW

Purpose of the Plan

The purpose of the City’s Cost Allocation Plan is to identify the total costs of providing specific City services. Why is a separate cost accounting analysis required to do this? Because in almost all organizations—whether in the private or the public sector—the cost of producing goods or delivering services can be classified into two basic categories: direct and indirect costs.

“Direct costs” by their nature are usually easy to identify and relate to a specific service. However, this is not the case for “indirect costs.” As such, if we want to know the “total cost” of providing a specific service, then we need to develop an approach—a plan—for reasonably allocating indirect costs to direct cost programs.

What Are Direct and Indirect Costs? Direct costs are those that can be specifically identified with a particular cost objective, such as street maintenance, police protection and water service. Indirect costs are not readily identifiable with a direct operating program, but rather, are incurred for a joint purpose that benefits more than one cost objective.

Common examples of indirect costs include accounting, purchasing, legal services, personnel administration and building maintenance. Although indirect costs are generally not readily identifiable with direct cost programs, their cost should be included if we want to know the total cost of delivering specific services.

Budgeting and Accounting for Indirect Costs. Theoretically, all indirect costs could be directly charged to specific cost objectives; however, practical difficulties generally preclude such an approach for organizational and accounting reasons. As such, almost all organizations separately budget and account for direct and indirect costs at some level depending on their financial reporting needs and the complexity of their operations.

Distributing Indirect Costs. In order to determine the total cost of delivering specific services, some methodology for determining and distributing indirect costs must be developed, and that is the purpose of cost allocation plans: to identify indirect costs and to allocate them to benefiting direct cost programs in a logical, consistent and reasonable manner.

Plan Goal: Reasonable Allocation of Costs. It is important to stress that the goal of the Cost Allocation Plan is a reasonable allocation of indirect costs, not a “perfect” one. By their very nature, indirect costs are difficult to link with direct costs. As such, in developing an allocation approach, it is important to keep this goal in mind balancing the cost and of effort of complicated allocation methods with the likely benefits from the end results.

Indirect Cost Allocation Strategies

There are several ways of allocating indirect costs, including:

Internal Service Funds. Many cities allocate costs through formal internal service funds for services like printing, information technology, fleet maintenance and insurance. Typically with this approach, the internal service fund provides services to the organization and charges back for departments based on their actual

INTRODUCTION

usage of the service and standard per unit billing rates, like a private company would (except the goal is to break even rather than earn a profit). In this case, for the operating programs, indirect costs become direct costs, like they would if they contracted-out for the service.

While this approach can result in added accounting costs to develop internal billing rates and track actual usage, it has the advantage of encouraging more efficient use of internal services by allocating costs based on actual usage, setting aside funds for long-term capital replacement needs (or in the case of insurance, adequate reserves) and helping measure performance.

As shown in the side bar, the City uses seven internal service funds to allocate organization-wide support costs.

Payroll Allocations. Some organizations allocate percentages of key support staff to selected funds through direct payroll allocations, such as 15% of the City Manager to the Water Fund or 20% of the Public Works Director to the Wastewater Fund, with direct cost distributions of non-staffing costs via accounts payable where possible.

While this practice is not uncommon, it has some conceptual drawbacks, such as the basis for the percentage allocations. One of the advantages of cost allocation plans is that the basis for the allocation is clear. Even where internal service funds are used, cost allocation plans are still often needed in allocating indirect costs to the internal service funds (so their costs reflect the full cost of providing services to the organization) and in allocating other indirect costs not typically recovered through internal service funds, such as city manager, city attorney, city clerk, human resources and accounting.

Cost Allocation Plan. Cost allocation Plans provide a clear, consistent and reasonable basis for allocating indirect costs.

Combination of the Three. Some agencies use a combination of these three approaches.

In the City's case, it uses a combination of internal services funds and a cost allocation plan in distributing indirect costs.

Determining Direct and Indirect Costs

The first step in preparing the City's Cost Allocation Plan is determining direct and indirect costs. Program costs that primarily provide service to the public are identified as direct costs, whereas the cost of programs that primarily provide services to the organization are identified as indirect costs.

In accordance with generally accepted accounting principles, only operating costs are considered in preparing the Cost Allocation Plan. As such, capital outlay, debt service, interfund transfers and "pass-through" costs are excluded from the calculations.

INTRODUCTION

ALLOCATING INDIRECT COSTS

For general purposes, the City-wide indirect cost rate can be used as the basis for allocating indirect costs. The indirect cost rate is simply the ratio between indirect and direct costs, which can be easily computed for the City as a whole once the direct and indirect cost base has been determined.

Citywide Indirect Cost Rate

Provided in Table 1 (page 6) is a summary of direct and indirect costs for the City of Ukiah based on the Fiscal Year 2015/2016 Operating Actual along with the resulting citywide indirect cost rate. By applying the overall indirect cost rate to any specific direct cost program, the total cost of the program can be determined. For example, with an overall indirect cost rate of 18% the total cost for a direct program of \$100,000 in Ukiah would be \$118,000 with this approach. (Note: Adjustments are made for capital outlay, debt service, interfund transfers and pass-through costs).

Bases of Allocation

This method of cost allocation assumes that all indirect costs are incurred proportionately to the direct cost of the program. However, this may not be a reasonable assumption in all cases, as the benefit received from certain types of support service programs may be more closely related to another indicator of activity than cost.

For example, if a program service is primarily delivered through contract and does not have any City staffing directly associated with it, distributing human resources costs to it may result in an inequitable allocation of costs. Because of this, the City's Cost Allocation Plan establishes separate *bases of allocation* for each major indirect cost category. With this approach, indirect costs can be allocated to each direct cost program in a fair, convenient, and most importantly, consistent manner. Provided in Table 2 on page 7 is a summary of the primary methods of allocation used in distributing indirect costs to direct cost programs.

Some of these costs lend themselves to an easily justified, rational approach of distribution. For example, human resources costs are related to the number of employees serviced. Other costs may not be as intuitive; however, the allocation bases are consistent with generally accepted accounting principles and recognize the concept that the cost of developing the information necessary to perform the cost allocations should not exceed the benefits likely to be gained.

Where there is not otherwise a clear relationship to another allocation base (like authorized staffing or assigned space), allocating costs based on operating budget is the common industry practice, and as such, this approach is used by the City.

INTRODUCTION

Indirect Cost Allocations

A summary of the indirect cost allocations (Administrative Services) is provided in Table 3.0 (page 7), followed by the detailed allocations for each specific indirect cost program for Administrative Services on Tables 4.0 through 4.8 (pages 8 to 16) and internal service fund allocations on Tables 5.0 to 5.9 (pages 17 to 26).

Simple Method of Allocating Costs

In performing the cost allocations, all indirect costs have been allocated only to direct cost programs rather than using a more complex sequential allocation system. Although there are some conceptual difficulties with this approach, the difference in the end result is insignificant, but the cost of preparation, review and audit is significantly reduced.

For example, the cost of the City Manager program is allocated solely to direct cost programs based on their operating budget. However, as the City Manager program also benefits other indirect cost programs such as Human Resources and Finance, the cost allocations could appear to be distorted since no allocations are made to them.

Under a more sophisticated system, the cost of the City Manager program would be allocated to the other indirect costs programs and iterative allocations then made to direct cost programs until all indirect costs are distributed. However, this process is extremely time consuming (and places far more reliance on the underlying significance of the allocation bases than may be appropriate) and results in the same basic cost allocations as the simpler method since all indirect costs are allocated in the final product. Again, as noted above, the plan's goal is a reasonable allocation of indirect costs, not a "perfect" one.

USES OF THE COST ALLOCATION PLAN

By identifying total program costs, the Cost Allocation Plan can be used as an analytical tool in many financial decision-making situations, including:

- **Reimbursement Transfers.** The Cost Allocation Plan identifies the costs incurred by the General Fund in providing administrative support services to the City's other funds such as enterprise operations and special revenue funds. For example, although the City's administrative, legal services, human resources and accounting funds are budgeted and accounted for in the General Fund, these programs provide support services to other City funds. The Cost Allocation Plan provides a clear methodology for determining this level of support in reimbursing these costs.
- **General Fund User Charges.** Similar to ensuring that enterprise fund revenues fully recover their costs, the Cost Allocation Plan can also be used in determining appropriate user fees for General Fund services, such as planning applications, building permits and recreation activities, in ensuring that the full cost of services are considered in setting rates.
- **Labor Rates.** Along with accounting for salary, benefits and paid leave (such as vacation, sick and holidays), "full cost" hourly labor rates can be developed that appropriately include indirect costs.

INTRODUCTION

- **Contracting-Out for Services.** By identifying total costs, the cost allocation plan can also be helpful in analyzing the costs of contracting for services versus performing services in-house.
- **Grant Administration.** Under federal cost accounting policies, it is permissible to include indirect costs in accounting for grant programs. By establishing indirect cost rates, the cost allocation plan can be used in recovering the total costs (direct and indirect) associated with implementing grant programs.

PLAN PREPARATION

In a true cost accounting system, indirect costs would be computed and allocated on an ongoing basis throughout the fiscal year based on actual costs. However, frequent updating in municipal finance would not serve any specific purpose—such as unit price control in a manufacturing company—but it would consume significant accounting resources. As such, the City’s Cost Allocation Plan is prepared annually based on the budget adopted by the Council.

This approach works well when significant variances are not expected between budget and actual. However, where large variances are possible, then at the end of the fiscal year, a “true-up” should be calculated based on actual costs. Any variances (either over or under the Cost Allocation Plan amounts) can then be applied to the following year’s Cost Allocation Plan.

After two years, the City will assess whether there were any significant variances between budget and actual, and move to a “true-up” approach if that proves to be the case.

SUMMARY

The Cost Allocation Plan helps make determining total program costs possible by establishing a reasonable methodology for identifying and allocating indirect costs to direct cost programs. Because of this, the Cost Allocation Plan can be a valuable analytical tool in a number of situations, including establishing fees designed for full cost recovery, reimbursing support service costs provided by the General Fund to other funds and recovering indirect costs associated with grant programs. Table 1 on the following page is a summary of all indirect and direct costs in this plan. Indirect costs represent only 18% of all costs.

A. General Financial Goals

The general financial goals of the City of Ukiah are:

1. To maintain a financially viable City that provides an adequate level of municipal services.
2. To maintain financial flexibility in order to be able to continually adapt to local and regional economic changes.
3. To maintain and enhance the sound fiscal condition of the City.

B. Budget Administration

1. The City will strive to adopt a balanced budget by June 30 preceding the budget period. A balanced budget means that operating revenues must fully cover operating expenditures, including debt service, as set forth in B.6. below. A balanced budget allows for total expenditures to exceed revenues; however, beginning fund balance and strategic reserve funds can only be used to fund capital improvement projects or other one-time, non-recurring expenditures, as set forth in B.10. below.
2. The City will prepare a budget calendar no later than January 15 preceding the budget period.
3. The City will use a budget development process that emphasizes long-range planning and effective program management. The process will:
 - a. Reinforce the importance of long-range planning in managing the City's fiscal affairs.
 - b. Focus on developing and budgeting for the accomplishment of significant goals.
 - c. Establish realistic timeframes for achieving goals.
 - d. Create a proactive budget that provides for stable operations and assures the City's long-term fiscal health.
 - e. Promote orderly spending patterns.
4. During the budget development process, the existing budget will be thoroughly examined to assure removal or reduction of any services or programs that could be eliminated or reduced in cost.

5. The City will avoid budgetary and accounting procedures that balance the current budget at the expense of future budgets.
6. The City will strive to support current operating expenditures, including debt service, with current revenues.
7. The City will forecast its revenues and expenditures for each of the succeeding five years and will update this forecast at least annually.
8. The status of major program goals will be formally reported to the City Council on a periodic, ongoing basis.
9. The City Council will review and amend appropriations, if necessary, on a periodic, ongoing basis.
10. The City will strive to preserve the spending of fund balance and strategic reserve funds for capital improvement projects, or other one-time, non-recurring expenditures.
11. Unspent, unencumbered operating and capital improvement program appropriations will lapse at the end of the budget period. Requests for lapsed program appropriations may be resubmitted for inclusion in the subsequent budget period. Unspent but encumbered appropriations at the end of the budget period shall amend the budget of the subsequent period by means of a budget amendment approved by the City Council.

C. General Revenue Management

1. The City will seek to maintain a diversified and stable revenue base to protect it from short-term fluctuations in any one revenue source.
2. To emphasize and facilitate long-range financial planning, the City will maintain current projections of revenues for the succeeding five years.
3. Because revenues, especially those of the General Fund, are sensitive to both local and regional economic conditions, revenue estimates adopted by the City Council must be conservative.

4. The City will annually review the General Fund operating position (revenues less expenditures) to determine if funds are available to operate and maintain future capital facilities. If funding is not available for operations and maintenance expenses, the City will evaluate all viable options.
5. User fees will be reviewed and updated on a periodic basis to recover the full cost of services provided, except when the City Council determines that a subsidy from the General Fund is within the cost recovery policy adopted by the Council. The City will strive to establish a master fee schedule that will encompass all fees and charges of the City.
6. Any transfers between funds for operating purposes shall be clearly set forth in the Adopted Budget. These operating transfers, under which financial resources are transferred from one fund to another, are distinctly different from interfund borrowings, which are usually made for temporary cash flow reasons and are not intended to result in a transfer of financial resources by the end of the fiscal year. From time to time, interfund borrowings may be appropriate but are subject to the following criteria:
 - a. The Finance Director is authorized to approve temporary interfund borrowings for cash flow purposes whenever the cash shortfall is expected to be resolved within 60 days. The most common use of interfund borrowing under this circumstance is for grant programs where costs are incurred before drawdowns are initiated and received.
 - b. Any other interfund borrowings for cash flow or other purposes require approval by the City Council.

D. Utility Rates and Fees

1. The City will set utility rates and user fees at levels that fully recover the total direct and indirect costs of the activity. Indirect costs include the costs of operations, capital outlay, debt service and annual depreciation of capital assets.
2. The City will review and adjust utility rates and user charges as required to ensure that they remain appropriate and equitable.

E. Investments

1. The Finance Director will annually submit an investment policy to the City Council for review and adoption.
2. Under the guidance of the City's Investment Oversight Committee, the Finance Director will invest the City's idle monies with an outside investment advisor in accordance with applicable law and adopted investment policies and direct the investment of bond or note monies on deposit with a trustee or fiscal agent in accordance with the applicable indenture or issuance document.

F. Expenditures

1. The City will maintain a level of expenditures that will provide for the public well-being and safety of the residents of the community.
2. The City will provide a level of expenditures that will maintain the public assets.
3. The City will maintain purchasing methods, in accordance with law and the City's adopted purchasing policies and procedures, to secure the lowest price consistent with the quality desirable for use intended and the needs of the City.
4. The City Council will annually adopt a resolution establishing the City's appropriations limit calculated in accordance with Article XIII-B of the Constitution of the State of California, Section 7900 of the State of California Government Code, and any other voter approved amendments or state legislation that affects the City's appropriations limit. The Council will generally consider this resolution in connection with final approval of the City's budget.

G. Equipment Replacement Funds

1. The City will maintain a General Government Equipment Replacement Fund and a Utilities Equipment Replacement Fund for each utility to provide for the timely replacement of vehicles, information technology, and other short-lived capital equipment.
2. The City will strive to make an annual contribution to these funds based on the annual use allowance, which is determined by the estimated life of the vehicles or equipment to be replaced and their original purchase costs.

3. Interest earnings and sales of surplus equipment as well as any related damage and insurance recoveries will be credited to the Equipment Replacement Funds.

H. Capital Improvement Program

1. The City will develop a five-year capital improvement program (CIP) each budget cycle. The purpose of the CIP is to systematically plan, schedule and finance capital projects to ensure cost-effectiveness as well as conformance with the City's established policies.
2. Questions to consider when prioritizing a capital project include:
 - a. Is it mandated?
 - b. Is there an emergency need?
 - c. Is there a direct or indirect economic benefit?
 - d. Is there full or partial funding?
 - e. Does it dovetail with other capital projects that are a priority for other reasons?
 - f. How does it fit in with the City Council's strategic goals?
3. The City will identify the estimated costs, potential funding sources, and project schedule for each capital project proposal in the CIP before it is submitted to the City Council for approval.
4. The City will coordinate the development of the CIP with the development of the operating budget.
5. Construction projects that cost \$20,000 or more and equipment purchases that cost \$10,000 or more will be included in the CIP, except for replacements of police squad cars which are included in the operating program budget. Minor capital construction outlays of less than \$20,000 and minor equipment purchases of less than \$10,000 will be included in the operating program budgets.
6. The City will make all capital improvements in accordance with an adopted and funded CIP.
7. Cost tracking procedures for current-period components of the CIP will be implemented and updated quarterly to ensure project completion is within budget and established timelines.

I. Debt Management

1. The City will consider the use of debt financing only for high-priority, one-time capital improvement projects and only under the following circumstances:
 - a. When the project's useful life will exceed the term of financing, and;
 - b. When project revenues or specific resources will be sufficient to service the long-term debt.
2. Debt financing will not be considered appropriate for any recurring purpose such as current operating and maintenance expenditures. The issuance of short-term instruments such as revenue, tax or bond anticipation notes is excluded from this limitation.
3. The City will carefully monitor its level of debt because debt capacity is limited. Funds borrowed for a project today are not available to fund other projects tomorrow, and funds committed for debt repayment today are not available to fund operations tomorrow.
4. A feasibility analysis will be prepared for each long-term financing which analyzes the impact on current and future budgets for debt service and operations. This analysis will also address the reliability of revenues to support debt service.
5. The City will diligently monitor its compliance with bond covenants and ensure its adherence to federal arbitrage regulations.
6. The City will maintain good, ongoing communications with bond rating agencies about the City's financial condition.
7. Periodic reviews of all outstanding debt will be undertaken to determine refinancing opportunities. Refinancings will be considered under the following conditions:
 - a. There is a net economic benefit.
 - b. It is needed to modernize covenants that are adversely affecting the City's financial position or operations.
 - c. The City wants to reduce the principal outstanding in order to achieve future debt service savings, and it has available working capital to do so from other sources.

J. Fund Balance and Reserves

1. The City will strive to maintain a fund balance in the General Fund, including the General Fund's Strategic Reserve Fund, of at least 25 percent of General Fund operating expenditures. A 25-percent fund balance is equivalent to approximately three months of operating expenditures. The primary purpose of this minimum fund balance is to meet cash flow requirements, to protect the City's essential service programs and funding requirements during periods of economic uncertainty, local disasters, other financial hardships or downturns in the local economy, and to provide for unforeseen operating or capital needs. Additionally, a fund balance of 25 percent is considered the minimum level necessary to maintain the City's credit worthiness.
2. The City Council may assign specific fund balance levels for future development of capital projects that it has determined to be in the best long-term interests of the City.
3. The City's enterprise funds will strive to maintain a minimum working capital balance of at least 25 percent of operating expenses. The primary purpose of this balance is to set aside funds to maintain cash balances sufficient to pay expenses as needed and to provide for unanticipated or emergency expenses that could not be reasonably foreseen during the preparation of the budget.
4. In addition to the assigned balances noted above, levels of fund balance and retained earnings will be sufficient to meet:
 - a. Debt service reserve requirements.
 - b. Reserves for encumbrances.
 - c. Established rate stabilization reserves.
 - d. Funding requirements for projects approved in prior years that are carried forward.
 - e. Other assignments required by contractual obligations, state law or generally accepted accounting principles.

K. Accounting, Auditing and Financial Reporting

1. The City's accounting and financial reporting systems will be maintained in conformance with generally accepted accounting principles and standards of the Governmental Accounting Standards Board.

2. A fixed assets system will be maintained to identify all City assets, their historical cost, and useful life. Consistent with the accompanying policies set forth for the City's Capital Improvement Program, the dollar threshold for fixed assets will increase from \$5,000 to \$10,000 effective July 1, 2014.
3. At the beginning of the annual budget preparation cycle, a financial review will be submitted to the City Council and will be made available to the public.
4. Full and continuing disclosure will be provided in the general financial statements and bond representations.
5. An annual audit will be performed by an independent public accounting firm with the subsequent issue of, at a minimum, General Purpose Financial Statements that include an audit opinion. The City will strive to issue audited financial statements within 180 days after year-end.

L. Human Resources Management

1. The City Council will authorize all regular positions, including part-time and extra-help regular positions.
2. The budget will fully appropriate the resources needed for authorized regular positions and will limit programs to the regular staffing authorized.
3. The City will strive to provide competitive compensation and benefits for its authorized regular employees.
4. All requests for additional regular positions will include evaluations of:
 - a. The necessity, benefits, term and expected results of the proposed activity.
 - b. Staffing and materials costs including salary, benefits, equipment, uniforms, support and facilities.
 - c. Alternative means of service delivery, with consideration given to quality of service.
 - d. Additional revenues or cost savings that may be realized.

GLOSSARY OF COMMON BUDGET AND FINANCIAL TERMS

ACCOUNT	Financial reporting unit for budget, management, or accounting purposes.
ACCOUNTS PAYABLE	The amounts owed to others for goods and services received.
ACCOUNTS RECEIVABLE	Amounts due from others for goods furnished and services rendered.
ACCURAL BASIS	The basis whereby transactions and events are recognized when they occur, regardless of when cash is received or paid.
ACTUAL PRIOR YEAR	Actual amounts for the fiscal year preceding the current fiscal year which precedes the budget fiscal year.
ALLOCATION	Component of an appropriation earmarking expenditures for a specific purpose and/or level of organization.
ALLOTMENT	That portion of an appropriation which may be encumbered or spend during a specified period.
AMORTIZATION	Payment of a debt by regular intervals over a specific period of time.
APPROPRIATION	An authorization by a legislative body (e.g. City Council) that provides legal permission to make expenditures and incur obligations for specific purposes. ¹
ASSET	Resources owned or held by a government which have monetary value.
ASSESSED VALUATION	Official government value placed upon real estate or other property as a basis for levying taxes.
BOND	A written promise to pay a specific amount of money at a specific date in the future together with a periodic interest as a special rate. Two types are used: General Obligation and Revenue.
BONDED INDEBTEDNESS	Outstanding debt by issues of bonds which is repaid by ad valorem or other revenue.

¹ Appropriation subject to limitation," for purposes of each agency's Gann Limit, means "any authorization to expend during a fiscal year the proceeds of taxes levied by or for that agency and the proceeds of state subventions to that agency." Cal. Const. Art. XIII B, section 8(b).

BUDGET AMENDMENT	A procedure authorized by some City Councils that allows the City Manager to make adjustments to expenditures within or between departmental budgets by revising budget appropriations. Note: City Council approval is always required for additional appropriations from a fund balance or new revenue sources.
BUDGET DEFICIT	Amount by which the government's budget outlays exceed its budget receipts for a given period, usually a fiscal year.
CAPITAL IMPROVEMENT PROGRAM	Annual appropriations in a City's budget for capital improvement projects such as street or park improvements, building construction and various kinds of major facility maintenance. Capital improvement projects are often multi-year projects that require funding beyond the one-year periods of the annual budget.
CAPITALIZATION THRESHOLD	The dollar value at which government elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.
DEBT SERVICE; DEBT SERVICE FUND	The payment of principal and interest on borrowed funds such as bonds. A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Sometimes a debt service fund is referred to as a sinking fund. Debt financing is most commonly used to address temporary short-term cash flow problems and to provide funding for improvements with long lives. The practice of borrowing long-term for operational or short-term capital needs is not advised. ²
ENCUMBRANCE	Prior to actual spending, an obligation charged against a budget indicating that a commitment has been made or an order placed for goods and services not yet received or paid for. After an encumbrance has been made, the money is not available for other transactions.

² Be aware that Article XVI, section 18 of the California Constitution prohibits a City from borrowing more money than it can repay in a single fiscal year from its general fund without a two-thirds vote of the electorate. Common exceptions to this borrowing restriction are the special fund doctrine and the lease purchase agreement.

ENTERPRISE FUND	A fund established by a government entity to account for operations of an enterprise activity. Enterprise funds generally are segregated as to purpose and use from other funds and accounts of the governmental entity with the intent that revenues generated by the enterprise activity and deposited to the enterprise fund will be devoted principally to funding all operations of the enterprise activity, including payment of debt service on securities issued to finance such activity.
EQUITY FUNDING	Funding is accomplished with available resources, and does not include leveraged resources. Project funding is dictated by the availability of cash.
EXPENDITURE	A decrease in net financial resources. Expenditures include current operating expenses that require the current or future use of net current assets, debt service and capital outlays.
EXPENSE	A decrease in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.
FIDUCIARY FUNDS	Trust and Agency Funds
FISCAL POLICY	A government's policies with respect to revenues, spending and debt management as these relate to government services, programs and capital investment. Fiscal Policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.
FISCAL YEAR	The 12-month period used by the City of Ukiah begins with July 1, and end with June 30 of the designated fiscal year (i.e., FY 2011-12 end June 30, 2012).
FIXED ASSETS	Assets of long-term character which are intended to be held or used for more than one fiscal year. Examples are land, buildings, machinery, and furniture.
FORCE ACCOUNT	Construction of maintenance activities performed by the City's own personnel, rather than by outside labor.
FULL-TIME EQUIVALENT (FTE)	Number of Positions calculated on the basis that one FTE equates to a 40-hour work week for twelve months. For example, two part-time positions working 20 hours for twelve months also equals one FTE.
FUNCTION	Group of related programs crossing organizational (departmental) boundaries and aimed at accomplishing a broad goal or major service.

FUND	A fiscal and accounting entity with a self-balancing set of accounts in which cash or other financial resources, all related liabilities or balances and changes therein are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.
FUND BALANCE	A term used to express the excess of assets over liabilities (equity). It also represents the accumulated net resources of a fund available for reservation, designation, or for appropriation.
GENERAL FUND	General operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
GENERAL OBLIGATION BONDS	Bonds where the City pledges its full faith and credit to the repayment of bonds. These bonds are secured by the General Fund of the City.
GOVERNMENTAL FUNDS	General, Special Revenue, Debt Services, and Capital Project funds.
GRANTS	Contributions of cash or other assets from another governmental agency (usually) to be expended or used for a specified purpose, activity or facility.
INTERNAL SERVICE FUND	Established to finance, administer, and account for departments or agencies of a government whose exclusive or nearly exclusive purpose is to provide goods or services to the government's other departments on a cost-reimbursement basis.
LEASE PURCHASE	Contractual agreements which are termed leases, but whose lease amount is applied to the purchase.
LONG TERM DEBT	Debt with a maturity of more than one year after the date of the issue.
OPERATING DEFICIT	The excess of operating expenditures over operating revenues.
OPERATING SURPLUS	The excess of operating revenues over operating expenditures.
ORDINANCE	A formal legislative enactment by the City Council. If it is not in conflict with any higher form of law, it has the full force and effect of law within the boundaries of the City.
RESERVES	Accumulated funds legally restricted or otherwise designated by the City Council for specific purposes.
RESOLUTION	A special or temporary order of the City Council requiring less formality than an ordinance.

REVENUES	Total amount of income received, earned or otherwise available for appropriation.
SURPLUS	An excess of revenues over expenditures
TAXES	Compulsory charges levied by a government for the purpose of financing services performed for the common good.
TRANSFERS	Payments from one funds to another ideally for work or services provided, or to cover operating expense shortfalls.
USER FEES	Payments of charges for direct receipt of a public service by the party benefiting from the service.

GENERAL FUND FIVE YEAR SUMMARY FORECAST OF REVENUES AND EXPENDITURES

FY 2016-17 Budget and Forecast from FY 2017-19 to FY 2021-22

The City Budget provides five years of prior year comparisons to assist in evaluating the FY 2016-17 Budget. This Five Year Summary Forecast from FY 2017-18 to FY 2021-22 provides a view of conservatively estimated revenues, reasonable expenditures, and the resulting effect on fund balance reserves given reasonable assumptions using current information. It is not a projection, wherein presumptions are included and hypothetical scenarios are considered.

The forecast is based on the FY 2016-17 Budget with general assumptions on revenue and expenditure changes over the next five years. There are many unknown variables in projecting into the future. For example, the sales tax and transient occupancy taxes (52% of total sources) are highly sensitive to general economic conditions that can be affected by recessions, natural disasters, new development or other changes effecting consumer and business spending. The expenditures are based on the current staffing organization and delivery of services. The City costs can also be affected by economic downturns, inflation, labor negotiations, natural disasters and other changes. The assumptions used in this forecast are conservative and do not include any significant changes in the economic environment other than what is already likely at this time. These type of forecasts should be viewed as a general outlook of the current trends in the economy and effect on the City General Funds revenues and expenditures. As such, they should be reviewed and updated with the annual budgets.

Assumptions used in the Five Year Forecast

Revenues and Other Sources

- Property Taxes – Annual 2% increase based on minimum statutory change in assessed valuations. This annual percent is low from the last two years due to resales, new or improved development or reassessments.
- Sales Taxes – Annual 4% increase based on current economic activity and advice of MuniServices Sales Tax consultant. This forecast does not include future major development of sales tax generating businesses, such as the proposed Costco. The forecast assumes current trends in consumer and business confidence. Further, the proposed sales tax measure on the November 2016 ballot is not included.

- Transient Occupancy Tax – Annual 5% increase over next two years and 3% annually thereafter. Based on recent past trends and increase in tourism and business-to-business activities. Does not include new development of hotel units.
- Franchise Fees and Other Taxes – These are projected conservatively at 1% annually. The city revenues are based franchisee revenues and business tax criteria and will change with rate changes and economic development activity.
- Licenses/Permits/Fines/Penalties and Charges for Services – Conservative annual 2% increase is projected. These are based on fixed fee/fine rates or actual costs of services and will change as the base is adjusted in the future.
- Transfers In From Other Funds – The Administrative Services charges are an annual 3% based on cost increases. The Successor Agency administrative allocation is projected to reduce by 100% as the project development is completed.
- The other General Fund revenues and transfers are conservatively project with 0% change over the next five years.

Expenditures and Other Uses

- All department expenditures are forecast to increase annually by 4% over the next three years and 3% for the remaining two years. This is based on a conservative 3% annual increase for salaries, benefits, services and supplies. The additional 1% for the first three years is based on projected CalPERS unfunded accrued actuarial liability (UAAL) analysis of annual unfunded liability payment increases.
- Transfers Out To Other Funds – This can be a variable item that depends on the periodic need for funding other special revenue funds. This forecast only projects the annual funding of Visit Ukiah from an estimated 1% of the annual transient occupancy tax revenue.
- There are no resources forecast to be used by the General Fund for funding capital improvements or equipment. These future costs are on an as needed basis and addressed during each annual budget review.

Fund Balance and Reserves

- The Strategic Reserve was established by the City Council to annual hold at least 25% of the General Fund operating expenditures. This forecast projects the reserve to fall to 24% by FY 2012-22 due to an operating deficit.
- The Non Spendable Advances were made to the Golf Course fund and are not projected to be repaid during the forecast period
- The Unassigned amount reflects fund balance that is unreserved and can be used for one-time capital or equipment expenditures or to offset annual operating deficits. In this forecast, starting in FY 2019-20, it is used to offset annual operating deficits and is projected to be zero in FY 2021-22.

**CITY OF UKIAH
OUTSTANDING DEBT OBLIGATIONS
FY 2016-17 BUDGET**

The City and Successor Agency have entered into various forms of indebtedness for purposes of constructing capital infrastructure projects. The principal and interests on the outstanding debt is paid in semi-annual debt payments to the Fiscal Trustees for each issue. The debt payments, along with any trustee fees, are included in the budget document under the funds responsible for the debt. Following is a description of the major debt commitments of the City as June 30, 2016.

Water Fund

2016 Water Refunding Bonds – In March 2016, the City issued \$11,155,000 in Water Revenue Refunding Bonds for the purpose of refunding the 2005 Series A ABAG installment agreement and the State Water Resources Control Board Loan. The bonds were issued at a lower interest rate with the same maturity of September 1, 2035 and are projected to save \$1.8 million over the life of the bonds. The interest rates range between 2 and 5%. Below is a future debt payment schedule:

the City to acquire and construct capital improvements to the City's wastewater treatment plant. The obligation is secured with the pledge of the City's and Ukiah Valley Sanitation District's (UVSD) wastewater revenues through an Installment payment agreement. On March 2, 2006 the City and the UVSD entered into a participation agreement on the allocation of the annual debt obligation based in part on the operations and maintenance allocation and a fixed allocation of additional capacity. Please see the Wastewater fund budget on the allocation percent. The bonds bear interest at rates from 4 to 4.75 %, and interest is payable each March 1 and September 1. These bonds mature in March 2036. Future debt service on the bonds is:

Dear ~~Mr. Craner~~ CITY COUNCIL

A friend suggested I pass along some information about the Dawn Redwood shown in today's newspaper.

The trees nominated for Landmark Status at 345 No. Spring St. were planted by my late husband, Ted Eriksen, Jr., when he was the Mendocino County Agricultural Commissioner.

The Dawn Redwood was given to us in the early 1950's by John Druecker who owned a nursery in Fort Bragg. He told us he had procured some from China where they had recently been re-discovered. We planted ours at our home, the house shown in the newspaper photographs.

Mrs. Kate Dietterle, an active gardener, also planted one in the yard of the Courthouse at about the same time. (It is possible that she too obtained hers from Mr. Druecker.)

I hope this helps to fill in the historical record.

Sincerely,
Joan M. Eriksen
