## **2017 Performance Report**

## OUR DEPARTMENT'S MISSION HAS ALWAYS REMAINED THE SAME – TO MAKE UKIAH AS SAFE AS POSSIBLE.

To achieve our mission, our department has embraced a long-term strategic plan with 5 specific goal areas. These goal areas and the measurement of our performance in reaching them is the purpose of this annual strategic plan report card.

We hope that you will enjoy this report, and that our report card will give you a picture of our department's performance during the last year. Equally important, we hope this report will give our department and the community an understanding of the work ahead of us for the coming year.

You will see within this report that our dispatchers, records personnel, community service officers and officers provided exceptional service solving violent and property crime within the Ukiah community.

I am extremely proud of the work our department's personnel provide to the Ukiah community and the partnership we have developed with the community to promote public safety and crime prevention. As part of our commitment to Ukiah, our staff operates with three organizational values in mind; principles upon which we base our policing:

**SAFETY** – We value human life and strive to enable our citizens to be safer and less likely victimized by crime.

**PROFESSIONALISM** – We value dedicated, highly trained personnel with a commitment to the standards of the law enforcement profession.

**COMMUNITY SERVICE** – We value the privilege to provide effective, efficient and equitable service. We respect the members of our community, the importance of a combined crime prevention alliance and the opportunity to provide a united policing effort.

### OUR STRATEGIC GOALS

- Reducing crime and the fear of crime
- Improving the quality of life in our neighborhoods
- Enhancing community and police partnerships
- Developing our personnel
- Continued accountability

CHRIS DEWEY, Police Chief

## GOAL 3: ENHANCE COMMUNITY AND POLICE PARTNERSHIPS

Too often, police departments measure young officers by statistics alone, as though their total contributions can be measured by arrests, tickets written, or radio calls handled. Though these reportable, identifiable statistics do indicate productivity, statistics and numbers reveal only part of the picture.

Community engagement and community partnerships are key in reducing crime in our neighborhoods and in addressing community concerns.

Community engagement activities allow officers to build and maintain lasting relationships and community trust.
