Acura they observed it fail to stop at three separate stop signs at the intersections of Dora and Washington, Dora and Observatory and then Dora and Mill St.

As the Acura proceeded north on S. Dora St it passed other vehicles traveling in front of it on the right driving into the bicycle lane to make this pass. After passing through the intersection of W. Mill and S. Dora officers observed it turn east onto Jones St. and were able to block the vehicle's path and subsequently bring the pursuit to an end. As the Nissan entered onto Talmage Rd the eastbound traffic had to abruptly stop to avoid a collision. Officers drove after the Nissan to initiate a traffic enforcement stop for the fail to yield violation as the Nissan turned northbound onto Betty St.

Betty St is a residential street that has several speed bumps to aid in controlling vehicle speed. As officers followed after the Nissan they observed it traveling at a high rate of speed as it drove over the speed bumps which in turn caused the Nissan to slightly be airborne as it drove over the separate speed bumps. Seeing that the Nissan was not stopping officers initiated a vehicle pursuit and continued following after the Nissan as it turned east onto Marlene passing a vehicle on the left as it also was turning left onto Marlene St. From Marlene St. the Nissan continued east to Lorraine St where it turned left and came to a stop.
