CITY OF UKIAH PSPS UPDATE: ALL OF MENDOCINO COUNTY SUBJECT TO PROLONGED PSPS EVENT

Ukiah, CA. October 29, 2019, 8:45 am – All of Mendocino County is current affected by a second PG&E PSPS event, having never been re-energized after the first event. Residents should prepare for a continued and prolonged power outage. PG&E is forecasting the “weather all clear” for 8:00 am Wednesday, October 30, at which time they will begin inspection and re-energization efforts.

Information from PG&E has been inconsistent and unreliable. While the City continues to pass on information as it is received, we appreciate the frustration with the lack of detail regarding power restoration. Please be assured that City and County staff are working around the clock to keep other essential services operating while pressuring PG&E for information and expedited restoration.

The Ukiah Civic Center lobby at 300 Seminary Avenue is open to the public for device charging between 8:00 am and 9:00 pm. Public restrooms, coffee and water are also available. Please note that public wifi is not available at this location.

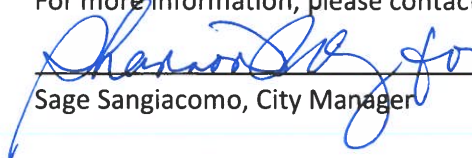

Within the city limits, water, sewer, and garbage services continue to operate normally. Additionally, Ukiah Police Department and Ukiah Valley Fire Authority have the resources that they need to respond to the safety needs of the community.

Inoperative traffic signals caused by the power outage need to be treated as an all-way stop. The City of Ukiah urges the community to drive slowly and carefully.

Please follow the City of Ukiah’s Facebook page for the most up-to-date info: <https://www.facebook.com/cityofukiah/>. Alternatively, residents may call (707) 463-6288.

911 should only be used for emergencies.

For more information, please contact: Shannon Riley, Deputy City Manager at sriley@cityofukiah.com.

Sage Sangiacomo, City Manager
