

## CANDIDATE'S STATEMENT

(Section 13307, Elections Code)

Name of Candidate	<u>Stephen G. Scalmanini</u>	Age	<u>69</u>
Occupation	<u>retired</u>	Date of Election	<u>November 3, 2020</u>
Name of Office	<u>City Councilmember</u>	Name of District	<u>City of Ukiah</u>

Statement of education & qualifications:

I will continue to bring to the City Council my commitments to quality of life in Ukiah, to environmental responsibility, equal access to government by all, and to the best possible decisions for the city's residents and businesses. I will maintain smart-growth principles so we can 'grow without wrecking the place', and I will pursue economic impact studies for large proposed developments so we can assess during the planning process what their likely effect will be on the city's economy. I will continue to pursue open, transparent government with rational bases for decisions made by our public servants.

I've been involved in local politics for seventeen years, since working on the Measure H campaign in 2004 that made Mendocino County GMO Free. On the City Council since 2013, I have ensured a balance among the interests of business, housing, public safety, the environment and local quality of life. My efforts include doing our part locally to minimize climate change (thinking global while acting local), planning to maintain power during PG&E shutoffs, and helping the homeless get services without dispersing throughout the City.

With your vote I will help Ukiah grow into the future while maintaining our quality of life.
