

## **Generating Facilities Interconnection Application Checklist:**

Submit the following to City of Ukiah's Customer Service Department via mail, email or drop off.

- ☐ Completed and signed copy of Generating Facilities Interconnection Meter Upgrade Application
- ☐ Signed copy of City of Ukiah Interconnection Agreement
- ☐ Interconnection Meter Upgrade fee
  - Residential - \$150
  - Commercial - \$300

Note: Meter upgrade fee **MUST** be paid in advance prior to meter change out.

## **In order to obtain a building permit for your Generating Facilities, you will need:**

- ☐ Completed Building Permit Application
- ☐ Three copies of plans – 2 Wet Signed
  - Four copies of plans if the system size is over 10 kW
- ☐ Submitted plot plan size - 11 X 17 or tabloid
- ☐ Two sets of truss calculations
- ☐ PV system design and one-line drawing showing a load side tap
- ☐ If the system is NOT roof-mounted, include a plot plan with proposed system location and trenching in relation to existing utilities/easements, and disclose easements.
