

Senate Bill (SB) 1383

Organic Waste Self Hauler Registration

Registration is required for all businesses in the City of Ukiah who intend to self haul organic waste (i.e. green materials, yard waste, and food scraps). Businesses currently subscribing to service from a Contract Collector or a business who has received an approved Organic Waste & Recycling Collection Service Waiver do not need to register.

Completed applications, with accompanying photographic support (if required), can be emailed to sstrader@cityofukiah.com or delivered to:

Please acknowledge and agree to the terms of being a Registered Self Hauler in the City of Ukiah (initial ALL)

____ New state regulations effective January 1, 2022 require commercial organic waste generators, including landscapers, to maintain certain records if they comply with the organic waste collection service requirement by self-hauling their generated organic waste. (CCR Title 14, Chapter 12, Article 3, Section 18984.9)

____ The records commercial businesses that self-haul must keep are delivery receipts and weight tickets from each entity receiving organic materials, including the amount of organic material in cubic yards or tons. Records must be available upon request from the City.

____ If the organic waste is transported to a site that does not have scales or that employs scales incapable of weighing the waste received, the self-hauler is not required to record the weight of material. However, the self-hauler must maintain a record of the entity that received the organic waste.

____ Annual hauling records must be made available to the City, should an audit be issued.

I agree and understand that by signing this City of Ukiah Self Hauler Registration I consent to be legally bound to all statements in this City of Ukiah Self Hauler Registration.
