

Senate Bill (SB) 1383

Mandatory Organic Recycling Requirements

As of January 1, 2022, all residents, multi-family residential dwellings and commercial businesses in the City of Ukiah must comply with the State's recycling and organic waste requirements, commonly known as Senate Bill (SB) 1383 Short-Lived Climate Pollutants.

All solid waste generators will need to subscribe to organic / green waste (e.g., yard trimmings, food waste) collection services unless they are in a low population waiver area (Title 14 Calif. Code of Regulations Section 18984.12(a)) or the City grants a waiver.

The City may grant a waiver to a commercial business or multi-family residential dwelling to comply with some or all the organic waste requirements if the responsible party of the commercial business or multi-family premises meets one of the criteria below.

Please complete this application to apply for waiver, specifying the waiver type requested, type(s) of collection services for which you are requesting a waiver, the reason(s) for such waiver, and documentation supporting such request. Staff will review this application to determine if the location is eligible for a waiver.

The waiver is valid for five years. If circumstances change such that commercial business or multi-family premises may no longer qualify for the waiver granted, the City may revoke a waiver. Any waiver holder must cooperate with the City or its designee for any on-site assessment or inspection of the appropriateness of the waiver.

Completed applications, with accompanying photographic support (if required), can be emailed to sstrader@cityofukiah.com or delivered to:

City of Ukiah
Attn: Department of Public Works
300 Seminary Ave
Ukiah, CA 95482

COMPLETE 2 PAGE APPLICATION (NEXT PAGE)

Mandatory Organic Recycling Waiver Application
