**CITY OF UKIAH CLIMATE ACTION COMMUNITY WORKSHOP  
TO BE HELD ON 9/26/24**

**September 5, 2024; Ukiah, CA.**— The City of Ukiah is pleased to announce an interactive and bilingual community workshop to take place on Thursday, September 26<sup>th</sup>, at the Ukiah Valley Conference Center (UVCC) to aid the City in its development of a Climate Action Plan (CAP) and enhance community awareness.

The purpose of the September 26<sup>th</sup> workshop is to solicit feedback from the community regarding recommendations for future climate action strategies. Whether this means expanding local incentives for electric vehicles and solar power, planting more trees, and/or phasing out natural gas-run appliances, the City wants to hear from residents regarding what strategies the City should prioritize for future action.

"In 2022, our community asked the Ukiah City Council to adopt a climate emergency declaration here in Ukiah and now, just two years later, the City is working to develop strategies for urgent climate action. I commend the City's efforts to engage in a meaningful way with the community and I encourage everyone who desires a habitable planet for our descendants to come out on September 26<sup>th</sup> and participate," said Crispin Hollinshead, Ukiah resident and environmental advocate.

**Event: Climate Action Community Workshop**

**Date & Time: September 26th, 2024, 05:00 PM – 6:30 PM**

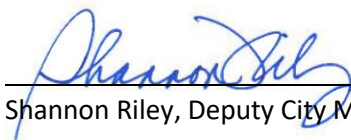

**Location: Ukiah Valley Conference Center, 200 South School Street**

**Details: Light Refreshments, Spanish Translation, and On-Site Childcare Services to Be Provided**

Ukiah residents are encouraged to participate. This workshop will be hosted in-person.
